

BAKER COUNTY SCHOOL DISTRICT

2023-2024

STUDENT PROGRESSION PLAN

In accordance with Florida Statutes 1008.25, the School Board shall adopt a Student Progression Plan.

The Baker County Student Progression Plan will be reviewed annually by a reviewing committee made up of the building principals, guidance counselors, classroom teachers, district instructional staff and the Superintendent.

SHERRIE RAULERSON, SUPERINTENDENT

BAKER COUNTY SCHOOL DISTRICT STUDENT PROGRESSION PLAN
(Applicable to All Students)

COMPREHENSIVE PROGRAM

Section 1008.25(2) (a-c) mandates that the district shall establish a comprehensive student progression plan that includes standards for evaluating each student's performance on the Florida Standards. The progression plan must include specific levels of performance in ELA, science, mathematics, and social studies for each grade level, including the levels of performance on statewide assessments as defined by the commissioner, below which a student must receive remediation or be retained within an intensive program that is different from the previous year's program and that considers the student's learning style. The progression plan must include appropriate alternative placement for a student who has been retained for two or more years.

Each student failing to meet minimum performance expectations in the above areas, must continue to be provided remedial or supplemental instruction until the expectations are met or the student graduates from high school or is not subject to compulsory school attendance.

GRADING SYSTEM

The following district-wide grading system has been adopted by the Baker County District School Board. Its numerical equivalents are:

Letter Grade	Score	Grade Point Value	Description
A	90-100	4.0	"Outstanding Progress"
B	80-89	3.0	"Above Average Progress"
C	70-79	2.0	"Average Progress"
D	60-69	1.0	"Lowest Acceptable Progress"
F	0-59	0.0	"Failure"
I	0	0.0	"Incomplete"

All averaging will be done by numerical value and not by letter value. For some classes and programs, the following letter grade will be used:

E =	"Excellent" (90-100%)
S =	"Satisfactory" (70-89%)
N =	"Needs Improvement" (60-69%)
U =	"Unsatisfactory" (0-59%)

Affixing plus or minus to the letter grade is optional in the elementary schools. Kindergarten will be evaluated by its own grading scale. Conduct grades shall be awarded in the form of:

GRADES K-5

E = "Excellent"
S = "Satisfactory"
U = "Unsatisfactory"

GRADES 6-12

S = "Satisfactory"
U = "Unsatisfactory"

Middle School, final semester exams are optional. If given, the worth of each exam will be determined by the classroom teacher. The value will not exceed 20% of the semester grade. A Civics end-of-course exam is required in middle school and is worth 30% of the final grade. End-of-course (EOC) exams are mandated by Florida statutes.

High School, final end of course (EOC) and semester exams are required. EOC exams given in Algebra I, Geometry, Biology I, and US History are worth 30% of the final grade. End of course (EOC) exams are tests mandated by Florida statutes. Semester exams and End of Year (EOY) assessments are school administered tests used to determine student mastery of the curriculum. Semester exams are given at the end of the first semester of year-long courses and are worth

20% of the semester grade. EOY's are cumulative exams given at the end of each course, and are worth 20% of the semester grade during which they are administered. Parents/guardians will be notified of their child's progress during the school year by means of formal report cards at each nine-week interval and by progress reports during the fifth week of each quarter. Other means of keeping parents/guardians informed may consist of the following: conferences, samples of student's work, test results, letters, informal notes, Skyward Parent Portal, etc.

ASSESSMENTS

Each student must participate in the statewide assessment tests. Section 1008.22, Florida Statutes, states "participation in the assessment program is mandatory for all school districts and all students attending public schools." Additionally, Section 1008.34, Florida Statutes, states; "each school must assess at least 95% of its eligible students". Section 1008.32, Florida Statutes, states that the Commissioner of Education may investigate allegations of non-compliance with law by school districts. Each student who does not meet specific levels of performance in ELA, science, mathematics, and social studies for each grade level, or who does not meet specific levels of performance as determined by the commissioner on statewide assessments at selected grade levels, must be provided with additional diagnostic assessments to determine the nature of the student's difficulty and areas of academic needs. **A student's course enrollment may be influenced by statewide assessment and diagnostic test performance.** Students will be required to take the state Civics Literacy Exam. This includes enrollment in honors courses and ELA and math intervention classes.

PROGRESS REPORTING AND ANNUAL REPORT

Each district school board must annually report to the parent of each student the progress of the student toward achieving state and district expectations for proficiency in ELA, science, mathematics, and social studies. The district school board must report to the parent the student's results on each statewide assessment test. The evaluation of each student's progress must be based upon the student's classroom work, observations, tests, district and state assessments, and other relevant information.

The district will annually publish in the local newspaper, and report in writing to the State Board of Education by September 1* of each year, the following on the prior school year: the provisions of F.S. 1008.25(8) relating to public school student progression and the district policies and procedures on student retention and promotion; by grade, the number and percentage of all students in grades 3 through 10 performing at Levels 1 and 2 on the Florida Assessment of Student Thinking ELA (FAST ELA); the number and percentage, by grade, of all students retained in grades 3 through 10; the total number of students promoted for good cause, by each category; and any revisions to the district school board's policy on retention and promotion from the prior year.

*This information will be published once it has been released by the Florida Department of Education.

ALLOCATION OF RESOURCES

Remedial and supplemental instruction resources will be allocated as follows: First, to students who are deficient in ELA by the end of grade 3, and second to students who fail to meet performance levels required for promotion.

ELIMINATION OF SOCIAL PROMOTION AND GOOD CAUSE EXEMPTIONS

- a) No student may be assigned to a grade level based solely on age or other factors that constitute social promotion.
- b) The school board may only exempt students from mandatory retention for good cause. Good cause exemptions for students in grade 3 shall be limited to the following:
 - 1. Limited English proficient students who have had less than 2 years of instruction in an English for Speakers of Other Languages (ESOL) program.
 - 2. Students with disabilities whose individual education plan (I.E.P.) indicates that participation in the statewide assessment program is not appropriate, consistent with the requirements of State Board of Education rule.
 - 3. Students, who demonstrate an acceptable level of performance on an alternative, standardized reading assessment approved by the State Board of Education.
 - 4. Students, who demonstrate through a student portfolio, that the student is reading on grade level as evidenced by demonstration of mastery of the Florida Standards in reading equal to at least a Level 2 performance on the FAST.
 - 5. Students with disabilities who participate in the FAST and who have an individual education plan or a Section 504 plan that reflects that the student has received the intensive remediation in reading, for more than 2 years but still demonstrates a deficiency in reading and was previously retained in kindergarten, grade 1 or grade 2.
 - 6. Students who have received two or more years of intensive reading intervention and were previously retained in kindergarten, grade 1, grade 2, or grade 3 for a total of two years meet the criteria for good cause exemption. Students may not be retained in grade 3 more than once. Intensive reading instruction for students so promoted must include an altered instructional day based upon an academic improvement plan that includes specialized diagnostic information and specific reading strategies for each student. The district school board shall assist schools and teachers to implement reading strategies that research has shown to be successful in improving reading among low performing readers.
- c) Requests for good cause exemptions for students from the mandatory retention shall be made consistent with the following:
 - 1. Documentation shall be submitted from the student's teacher to the school principal that indicates that the promotion of the student is appropriate and is based upon the student's academic record. In order to minimize paperwork requirements, such documentation shall consist only of the existing Progress Monitoring Plan, individual educational plan, if applicable, report card, or student portfolio.
 - 2. The school principal shall review and discuss such recommendation with the teacher and make the determination as to whether the student should be promoted or retained. If the school principal determines that the student should be promoted, the school principal shall make such recommendation in writing to the district school superintendent. The district school superintendent shall accept or reject the school principal's recommendation in writing.

REQUIREMENTS FOR ENGLISH LANGUAGE LEARNER (ELL) STUDENTS

During the adjustment period, the English Language Learner (ELL) student's English skills progress and content area efforts will be evaluated on a "satisfactory" or "needs improvement" basis until it is determined that the assignment of letter grades is appropriate. The student will be evaluated accordingly once he/she has demonstrated an understanding of learning activities and assignments. Comments will be made on progress reports/report cards concerning the student's level of performance. Instruction must be understandable, equal, and comparable in scope, sequence, and quality to that which non-ELL students receive. The ELL student is expected to participate in all learning activities appropriate for that individual's level.

Promotion and retention of ELL students is based on measurements of the student's ability to read, write, and perform mathematical functions, not whether the ability is shown in English or in the student's home language. Further description is provided in the District's approved ELL Plan.

REQUIREMENTS FOR HOME EDUCATION STUDENTS RE-ENTERING A PUBLIC SCHOOL

Grades K-8

Upon re-entry into public school from a Home Education program, the home education student will be given a norm referenced achievement evaluation (Kindergarten Readiness Checklist, STAR Early Literacy Assessment, STAR, and/or SAT-10) as part of the re-enrollment process. The appropriate school for the student's previous grade will make the promotion decision.

Grades 9-12

6A-1.09941 State Uniform Transfer of High School Credit (see page 6, Placement of Transfer Students)

CONTROLLED OPEN ENROLLMENT (COE)

It is the responsibility of the parent/guardian to submit a Controlled Open Enrollment application within the application window to request attendance at a school other than the student's zoned school. If the student resides in another county, it is also the responsibility of the parent/guardian to initiate an out-of-county school attendance waiver. The superintendent or her designee has the authority to grant or deny the attendance waiver request. For more information and application visit www.bakerk12.org

PATRIOTIC PROGRAM

Florida Statute 1003.44 recognizes the last full week of classes in September, in the state's public schools, as "Celebrate Freedom Week." The students in each social studies class shall be presented at least 3 hours of appropriate instruction, as determined by the school district, on the intent, meaning, and importance of the Declaration of Independence. On each school day during this week, school principals and teachers are required to conduct an oral recitation by students of the following excerpt of the Declaration of Independence:

"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable rights that among these are life, liberty, and the pursuit of happiness. That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed."

Students will be excused from participating in the recitation of the Declaration of Independence, upon written request by a student's parent submitted to the principal.

The American Flag will be displayed daily in each classroom and flag education, including proper flag display and flag salute will be taught. The pledge of allegiance to the flag, "I pledge allegiance to the flag of the United States of America and to the republic for which it stands, one nation under God, indivisible, with liberty and justice for all," shall be rendered by students standing with the right hand over the heart. The pledge of allegiance to the flag shall be recited at the

beginning of the day in each elementary, middle and high school. Upon written request by his or her parent, a student must be excused from reciting the pledge, including standing and placing the right hand over his or her heart. When the pledge is given, unexcused students must show full respect to the flag by standing at attention, men removing the headdress, except when such headdress is worn for religious purposes.

IMMUNIZATION POLICY

Prior to admittance to or attendance in a Baker County school, grades kindergarten through 12 or any other initial entrance into a Florida school, each child must present or have on file with the school a certification of immunization for the prevention of those communicable diseases, for which immunization is required by the Department of Children and Families (F.S. 1003.22).

SUMMER SCHOOL

A pupil attending summer school shall have a preliminary registration form approved by the principal of the school, which he/she attends. Pupils in Grades 6, 7, and 8 will be limited to two courses, consisting of new, make-up, or remedial work. Pupils in Grades 9-12 will be limited to two credits or the equivalent thereof per summer. In order to participate in summer school, a student must have spent no less than a total of one hundred and thirty-five clock hours participating in instruction or directed study per subject in the regular program. Due to limited space and numbers, the principal will consider grades/GPA, behavior, school attendance, and other individual student circumstances when assigning students to summer school. The principal reserves the right to accept or deny entrance to a summer school program.

A student may earn up to two credits in summer school at any accredited high school, including but not limited to Florida Virtual School (FLVS). Mastery of specific skills in the summer school course will be necessary in order to pass.

Admission into the summer school program shall be for the purpose of promotion and/or credit. All other requests for admission may be approved by the principal/designee, e.g. enrollment in order to repeat a course for the purpose of improving one's GPA.

GENERAL EDUCATION DEVELOPMENT

Any candidate for a high school equivalency diploma shall be at least eighteen (18) years of age on the date of examination, except that in extraordinary circumstances as determined by the Superintendent of Schools or his/her designee in the district in which the candidate resides or attends school, said candidate may take the examination after reaching the age of sixteen (16) years.

FLORIDA STATUTES AND DEPARTMENT OF EDUCATION RULES

Any Florida Statute or Florida Department of Education rule shall take precedence over the provisions of this progression plan provided that the statute or rule contradicts or limits the requirements of this plan.

PLACEMENT OF TRANSFER STUDENTS

- 1) Credits and grades earned and offered for acceptance shall be based on official transcripts and shall be accepted at face value subject to validation if required by the receiving school's accreditation. If validation of the official transcript is deemed necessary, or if the student does not possess an official transcript or is a home education student, credit shall be validated through performance during the first grading period as outlined in subsection (2).
- 2) Validation of credits shall be based on performance in classes at the receiving school. A student transferring into a school shall be placed at the appropriate sequential course level and should have a minimum grade point average of 2.0 at the end of the first grading period. Students who do not meet this requirement shall have credits validated using the Alternative Validation Procedure, as outlined in subsection (3).

- 3) Alternative Validation Procedure. If validation based on performance as described above is not satisfactory, then any one of the following alternatives shall be used for validation purposes as determined by the teacher, principal, and parent:
- a) Portfolio evaluation by the superintendent or designee;
 - b) Written recommendation by a Florida certified teacher selected by the parent and approved by the principal
 - c) Demonstrated performance in courses taken through dual enrollment or at other public or private accredited schools;
 - d) Demonstrated proficiencies on nationally normed standardized subject area assessments;
 - e) Demonstrated proficiencies on the FAST; or
 - f) Written review of the criteria utilized for a given subject provided by the former school. Students must be provided at least ninety days from date of transfer to prepare for assessments outlined in paragraphs (3) (d) and (e) of this rule if required.

MINIMUM INSTRUCTIONAL HOURS IN HEALTH EDUCATION, ALCOHOL AND SUBSTANCE ABUSE PREVENTION, AND HIV/AIDS EDUCATION

Students enrolled in the Baker County School District will receive the following minimum number of hours of instruction in health education, alcohol and substance abuse prevention, and/or HIV/AIDS education:

Grades K-3	35 hours per year
Grades 4-5	55 hours per year
Grades 6-7	35 hours per year
Grade 8	30 hours per year

FLORIDA STANDARDS

The schools of Baker County will incorporate the Florida State Standards into their programs of instruction at the appropriate grade levels and in the applicable courses.

ELIGIBILITY TO PARTICIPATE IN INTERSCHOLASTIC EXTRACURRICULAR STUDENT ACTIVITIES – SECTION 1006.15, F.S.

A 2.0 cumulative GPA on a 4.0 scale must be maintained for participation in interscholastic extracurricular student activities.

EXTRA-CURRICULAR ACTIVITIES

All students will comply with the requirements of the State of Florida as well as the Florida High School Athletic Association in regards to eligibility requirements for participation in extracurricular activities. For Grades 9-12, students must maintain at least a 2.0 cumulative GPA on a 4.0 scale in order to participate in any extracurricular or co-curricular activities, including but not limited to any club, band, JROTC, FFA, sideline cheer, majorettes, dance or flag corps.

ASSIGNMENT OF GRADES

The initial and primary authority for the assessment of student performance and the awarding of student grades is assigned to the teacher responsible for the particular course or class.

APPEAL PROCESS

Any request regarding a review, a modification, and/or an appeal of the Baker County School District's Student Progression Plan, and/or the consequences thereof, shall be initiated at the first level of responsibility and may progress to other levels if deemed necessary.

STATEMENT OF NONDISCRIMINATION

Nondiscrimination in Student Activities - No student enrolled in the Baker County Schools shall, on the basis of race, gender, national origin, marital status, disability, age, or religion, be excluded from participation in or be subjected to discrimination under any curricular, extracurricular, or any other school sponsored activity. This rule shall apply to all present and future course offerings and to all other school sponsored activities in which students are eligible to participate.

Equity Coordinator - The Associate Superintendent, Allen Murphy, is **designated as Baker County School District's Equity Coordinator**. Employees, employment applicants, students, parents, and citizens having questions concerning the Florida Educational Equity Act, or its implementation, may contact the Equity Coordinator at the Baker County School District Superintendent's Office, 270 South Boulevard East, Macclenny, FL 32063, or by phone (904) 259-0428, or via e-mail Everett.murphy@bakerk12.org

MULTI-TIERED SYSTEM OF SUPPORT (MTSS)

All Students who take the statewide assessment test are required to score Level 3 or higher as required by F.S. 1008.22. A student who is not meeting the state requirement for proficiency in ELA and math shall be covered by one of the following plans to target instruction and identify ways to improve his or her academic achievement: a federally required student plan, such as, an individual education plan, a school-wide system of progress monitoring for all students, or an individualized progress monitoring plan.

Baker County uses the problem solving/response to intervention, MTSS, method of developing and implementing instruction and interventions based on a three-tiered model. Our MTSS model integrates core instruction (Tier 1), supplemental instruction/interventions (Tier 2), and intensive interventions (Tier 3). The procedures for conducting required general education interventions are specified in our MTSS district guide. Procedures below are documented on district-developed forms to monitor student progress and make data-driven decisions.

Tier 1 – The general education staff use core instruction and schoolwide assessments to observe, gather, and analyze student data to adjust instructional techniques and provide differentiated instruction. The focus of Tier 1 is on core instruction and universal screening data which is used to formulate interventions. The teacher may establish baseline data, complete a record review, use existing databases, and conduct curriculum-based assessments and/or behavior assessments. Parents are contacted to discuss data, possible interventions, any need for vision, and hearing or speech/language screenings. Progress monitoring data are collected to determine the effectiveness of core instruction.

Tier 2 – Supplemental instruction/interventions are managed by the MTSS team. A team meeting is held to review the intervention referral, plan interventions, obtain consent for screening as necessary, and obtain social/developmental history data when appropriate. Intervention plans are formalized in writing, and screenings are conducted subsequent to consent, as appropriate. Designated personnel implement interventions which include progress monitoring. Post intervention measures are recorded on appropriate forms. Parents are notified of a future meeting which is held to discuss observations, review results of interventions, and rate of progress to determine if the student is making adequate gains.

Tier 3 – Intensive interventions are managed by the MTSS team and may include the ESE district or student services district level staff. Parents are invited to a meeting where the team reviews all documentation from Tiers 2 and 3,

and develops targeted intensive individual interventions for academic concerns. A formal behavior intervention plan is developed for behavioral concerns. Designated personnel implement interventions which include weekly progress monitoring. Post intervention measures are recorded on appropriate forms. Parents are notified of an additional meeting which is held to determine one of three actions: (1) continue and/or modify Tier 2 or Tier 3 interventions, (2) request further information for Tiers 1, 2 or 3, before finalizing decisions, or (3) make a formal referral for evaluation to determine if the student needs exceptional education services.

VIRTUAL INSTRUCTION PROGRAM

Pursuant to Section 1001.41 (3), Florida Statutes, school districts are responsible for prescribing and adopting standards and policies to provide each student the opportunity to receive a complete education. Education methods to implement such standards and policies may include the delivery of learning courses through traditional school settings, blended courses consisting of both traditional classroom and online instructional techniques, participation in a virtual instruction program (VIP), or other methods. A course offered on BCHS campus will not be allowed to be taken through virtual online during the same semester.

“Virtual Instruction Program” means a program of instruction provided in an interactive learning environment created through technology in which students are separated from their teachers by time or space, or both. The purpose of the program is to make quality virtual instruction available to students using online and distance learning technologies in the nontraditional classroom. (F.S. 1002.45)

Virtual courses are offered online to all eligible students in affiliated school districts throughout the State of Florida. Eligible students can enroll in part-time classes or a full-time program. The goal is to make instruction available and convenient for the student. Full-time virtual instruction programs, My District Virtual School and Florida Virtual School, are available for students who qualify and enroll during the open enrollment period. Credit for successful completion of courses will be awarded. Students may contact a guidance counselor for more information. Students graduating from My District Virtual School will receive a Baker County Virtual diploma, not a Baker County High School diploma, and will not participate in Baker County High School’s graduation ceremony. Refer to the following link for enrollment: <https://www.nefec.org/virtual/student-registration/2/> (F.S. 1002.45).

Student Eligibility (F.S.1002.45) for K-12 virtual instruction.

1. School district operated part-time or full-time kindergarten through grade 12 virtual instruction programs under s. 1002.45(1) (b)
2. Full-time virtual charter school instruction authorized under s. 1002.33 to students within the school District or to students in other school districts throughout the state pursuant to s.1002.31
3. Virtual courses offered in the course code directory to students within the school district or to students in other school districts throughout the state pursuant to s. 1003.498.
4. Florida Virtual School instructional services authorized under s. 1002.37.

Student Participation Requirements

Student attendance will be monitored and verified by the school district. Each student enrolled in a virtual instruction program will take state assessment tests within the school district. The district will provide student access to testing facilities.

In order to be eligible as a full-time virtual instruction student, Baker County School District students must:

- 1) Have been successfully promoted to the next grade level at the end of the previous school year. For mid-year entrance, students must have demonstrated success in the first semester courses (grades of C or better) and have recommendation from their previous school guidance or administrations.

- 2) Attain one of the following minimum scores on previous year standardized tests:
 - a) FAST ELA or equivalent Level 3 or higher
 - b) STAR Reading or equivalent at 50th percentile or above (1st through 3rd grades)
 - c) Grade level proficiency on an official standardized test administered by another public-school system
- 3) Must meet all of Baker County criteria as specified in the Baker County School District Student Progression Plan in order to participate in our full-time program.
- 4) Such criteria include meeting minimum FAST scores, course requirements, immunization, Code of Conduct acknowledgement, etc. Students who meet these requirements must submit the online prospective full-time student application.

In order to be a successful full-time virtual instruction student, Baker County School District Students should:

- 1) Have consistent parent/guardian supervision of student
- 2) Maintain pace in all courses (1 hour per day per course) and submit required work
- 3) Be daily engaged in course activities/enrolled in 6 courses
- 4) Establish regular communication with all teachers via email, phone, and/or text
- 5) Earn and maintain passing grades of C or higher
- 6) Earn appropriate credits/standards for end of year grade promotion
- 7) Participate in all district standardized testing
- 8) Honor all rules and procedures established by Baker County School District for student conduct, academic integrity, and etiquette.

Enrollment Periods

Parents and students may apply to this program during the open enrollment periods. The specific dates of the enrollment periods may be found on the district website at: <http://www.bakerk12.org/Page/480>. Parents can access the Baker County School District website to review the enrollment process throughout the year. Students applying during the application period are notified by email regarding the applicant status during the school's open enrollment period.

Applicant Status:

1. Parents and students should review this document to determine if they are eligible and understand the commitment necessary to successfully implement this program.
2. The parents and students are required to submit the online application at <https://www.nefec.org/virtual/student-registration/2/> indicating their reasons for choosing My District Virtual School as their school of choice. Upon completion, the account specialist from North East Florida Educational Consortium will inform Baker County School District that your application is ready to move to Candidate Status.

Parent Responsibilities

Parents must monitor their student's assignments and assessments. In lieu of the daily presence of a face-to-face teacher, parents should take the lead in guiding the students through the curriculum, submission of work samples, assignments, practicing FAST assimilations, online class sessions, producing projects, reviewing for quizzes and tests, as well as making sure they participate in the state assessments. **Students who do not participate in required testing will not be allowed to enroll in My District Virtual School for the following year.**

Academic Integrity

A full commitment to academic integrity is expected and required from Baker County School District Virtual Instruction students. Students must commit to the following requirements associated with academic integrity:

- Your work on each assignment will be completely your own
- Your collaboration with another classmate on any assignment will be pre-approved by your instructor
- You will not practice plagiarism in any form
- You will not allow others to copy your work
- You will not misuse content from the internet
- You will not aid anyone scheduled to take the same course semester/final exams in the future

In addition, parents must attest to the fact that student work is completely the effort of their child.

Availability of Virtual Options

- FLVS and MDVS courses shall be available to students during or after the normal school day and through summer school enrollment [F.S. 1001.42(23)]. A student may not enroll in the same course (face-to-face classroom course and/or online course) more than once in the same semester. Students may not drop a course after the drop/add deadline in order to enroll in an online course with FLVS or MDVS. Students may move between a virtual or brick-and mortar classroom in a yearlong course after the end of the first semester, provided that the student continues to meet the requirements for full-time enrollment. Any virtual course activated prior to July 1 cannot be counted in the course schedule for the school year beginning on July 1 – even if the course remains active.
- Students who have been previously unsuccessful in a virtual school course (Withdraw/Failing or Complete Failing) will need to meet with their guidance counselor before the course request is approved. Students will not be allowed to re-enroll in a virtual school course in which they have previously been unsuccessful or dropped.
- Part-time virtual school students requesting to take a course offered by FLVS must have counselor and caregiver approval [F.S. 1002.20(6)]. Students taking a course outside of the school day must maintain a “C” average throughout the Grace Period of 14 days for FLVS in order to remain enrolled in the course. Students who do not complete at least 10% of the course and do not have an average of “C” or higher will be withdrawn from the course (WNG).
- Part-time virtual school students requesting to take a course offered by MDVS must have counselor and primary caregiver approval. Students who do not complete at least 20% of the course and do not have an average of “C” or higher throughout the Grace Period of 28 days for MDVS may be withdrawn from the course (WNG). Students will not be allowed to re-enroll in a course in which they have previously been unsuccessful or dropped.
- Students have until **the end date of Survey 4** to complete a virtual course. Students may remain enrolled beyond this date if: the course is needed for credit recovery, on-time graduation, or for course completion until **the amendment of the final enrollment survey (4)**.

Drop-Add Procedures (continuing students)

- Florida Virtual School (FLVS) Courses

While FLVS may have institutional drop/add procedures and timelines, all district students must carry a course load of at least six (6) active courses. While students await acceptance to FLVS courses, they must remain enrolled full-time.

- *Dropping a course in the Physical School of Record and Adding a FLVS Course*

A student may not drop a physical school course and add an FLVS course after the 5th day of the semester.

- *Dropping a FLVS course and adding a Physical School Course*

A student may drop a FLVS course up to the 14th day of the semester and add a course on their school campus. FLVS drop/withdraw grade and credit guidelines still apply.

If a student is dropped from a FLVS course, the student may enter a course with My District Virtual School or on their school campus at the beginning of the following semester. Florida Virtual School “W/F” (Withdraw/Failing) and “CF” (Complete Failing) codes will be treated as a grade of “F” on the student transcript. Students who have been withdrawn from a course will not be allowed to enroll in the same course.

- My District Virtual School Courses

While My District Virtual School may have drop/add procedures and timelines, all full-time district students must carry a course load of at least six (6) active courses and must comply with the school district’s drop/add time requirements.

While students await acceptance to My District Virtual School courses, they must maintain an enrollment that meets full-time status.

- Exiting Online Courses

Students who are exited from an online course during the drop/add dates may add the same course at their school site only if the drop/add date falls within the first 14 days of the semester. Students will not be allowed to enroll in the same course in My District, or be transferred to FLVS, for the same course.

Exceptional Student Education

Baker County Virtual Instruction Program will accept any student who meets the requirements in Section 1002.45, Florida Statutes. Since the school district VIP is a public K-12 school (Section 1000.04(1), Florida Statutes), the district cannot restrict participation to only those students who do not have specialized educational plans [i.e., individual educational plan (IEP) or Section 504 plan for students with disabilities; or an educational plan (EP) for gifted students].

Section 1003.57, Florida Statutes, Exceptional Student Instruction, requires full-time virtual instruction programs authorized by Section 1002.37 or Section 1002.45 Florida Statutes, to fulfill “the obligation of a school district for public school exceptional students who are enrolled in full-time virtual programs.”

Ultimately, the district is responsible for the development and implementation of IEPs and EPs and responsibilities related to Child Find and identification of ESE students. However, the contractual agreement between the school district and the virtual provider may establish specific requirements with regard to the role and responsibilities of the virtual provider for some or all of these activities.

Special Note to applicants currently enrolled and receiving services in an Exceptional Student Education program (ESE): Baker County School Board ESE Special Programs and Procedures state, "The district assures provision of full educational opportunity to all children with disabilities, aged three through twenty-one, using the kind and number of facilities, personnel, and services necessary to meet this goal. A free appropriate public education (FAPE) is available to all students with disabilities upon determination of need." Therefore, all ESE students must have an IEP review prior to enrollment. The ESE Director or designee will attend this review. This means that the special education or related services which were provided to your child at his or her previous school of enrollment may not be provided to him/her at Baker Virtual School.

Personnel Responsibilities

Program and Statute Compliance – Executive Director of Teaching and Learning
My District VIP – Exceptional Student Services Director
Part-time Virtual Instruction – Principal/Guidance Counselor
Financial Reporting – Director of Finance

District Expectations and Evaluation of Virtual Instruction Program

The Baker County School District will use the following criteria to assist in evaluating the Virtual Instruction Program and to make necessary adjustments in an effort to continuously improve.

- The amount of courses completed compared to the amount attempted.
- The course grades for those courses completed.
- Student feedback

District expectations will be met when at least eighty percent (80%) of students complete courses compared to the amount attempted. Although 80% completion is used as an evaluation measure, Baker County School District will continuously strive for a higher percentage. This expectation will be monitored each semester. If the 80% threshold is not met, the district will study possible variables affecting completion rate, including input from student feedback forms. Each student that attempts a virtual course will complete a student feedback form at time of completion or course withdrawal.

District expectations will be met when at least eighty percent (80%) of students completing courses receive a final course grade of "C" (2.0) or higher. If threshold of 80% is not met, district will consult with virtual instruction provider as well as study other possible variables including student feedback.

District's expectations of key personnel are to adhere to Virtual Instruction Program Guide and Procedures Manual. Baker County School District is committed to an effective virtual instruction program and the support necessary to ensure program success.

Process to Ensure Compliance

The Executive Director of Teaching and Learning will meet with ESE Student Services Director, Director of Finance, school principals, and Guidance Counselors as necessary to monitor and evaluate program effectiveness, key employee expectations, ensure proper training of staff including personnel changes, and to ensure statutory compliance.

BAKER COUNTY GRADES K - 5 STUDENT PROGRESSION PLAN

Pupil promotion in the Baker County Elementary Schools is based on an evaluation of each pupil's achievement in terms of appropriate instructional goals. The primary responsibility for determining each pupil's level of performance and ability to function academically, socially and emotionally at the next grade level is that of the classroom teacher, subject to review by and approval of the principal. However, students must also meet established requirements at each grade level. Each student who does not meet the minimum performance expectations defined by the Commissioner of Education for the statewide assessment tests in ELA, science, mathematics, and social studies must continue to be provided with remedial or supplemental instruction until the expectations are met or the student graduates from high school or is not subject to compulsory school attendance.

Students who do not satisfactorily achieve established objectives for the grade to which they are assigned, will be reassigned to the same grade for the next school year or placed in a specialized class within the regular school program. The students are to be provided instruction designed to continue their progress toward mastery of the required standards.

For uniformity, all in-coming students from other schools shall be issued grades if enrolled 20 or more school days during the grading period. No grades will be given from Baker County School District for enrollment of less than 20 school days. This is the only instance in which students would receive no grades.

Letter grades will be assigned to all major subject areas. These include ELA (English Language Arts - formerly known as reading, language arts, and writing), mathematics (grades 1- 5), science (grades 3-5), and social studies (grades 4-5). A letter designation will be given for science (grades 1-2) and social studies (grades 1-3) as follows:

“S” = Satisfactory

“U” = Unsatisfactory

RETENTION K-5

Retention in kindergarten will be based on an “N” or a “U” on the fourth nine weeks ELA grade. Retention recommendations are possible, even though the student may have passing grades.

Retention in Grade 1 will be based on a failing final grade in either ELA or mathematics. Retention recommendations are possible, even though the student may have passing grades.

Retention in Grade 2 will be based on a failing final grade in either ELA or mathematics. Retention recommendations are possible, even though the student may have passing grades.

Retention in grade 3 will be based on failing final grades in two subject areas with one of those subject areas being ELA or math. Also, if a student receives a level 1 score on the Florida Assessment of Student Thinking (FAST) ELA, he/she will be retained. Retention recommendations are possible, even though the student may have passing grades.

Promotion or retention in Grades 4 and 5 will be consistent with Florida Statutes and the Florida Standards. The appropriate teachers will certify mastery of these standards. In grades 4 and 5, the principal will review and consider the student's previous performance record, including ESE status and previous retentions, before determining retention or promotion. The principal may, based on review of individual circumstances, consider mid-year promotion for students who have been retained in grade 4.

REMEDIATION K-5

Each student who does not meet specific levels of performance as determined by the district school board in ELA, science, mathematics and social studies for each grade level, or who does not meet specific levels of performance as determined by the commissioner on statewide assessments at selected grade levels, must be provided with additional diagnostic assessments to determine the nature of the student's difficulty and areas of academic need. Upon subsequent evaluation, if the documented deficiency has not been remediated in accordance with MTSS, the student may be retained. Parent notification will be sent each nine weeks for students who are identified as "at risk" of failing.

The final decision regarding promotion, retention, or recommendations for special instruction will be made during the last two weeks of the school term, when second semester grades can be evaluated along with other test and performance data including the Florida Assessment of Student Thinking (FAST) . Each "at risk" student will be evaluated prior to making a final determination on promotion or retention. Promotion or retention will be noted on the child's report card and cumulative record at the end of the year. Parents of students being retained will be notified by the principal or their designee.

REQUIREMENTS FOR KINDERGARTEN ADMISSION

Any child five (5) years old on or before September 1st of the school year may be admitted any time during the school year. Any out-of-state transfer must meet the age requirement for his/her state. At the beginning of each school year, students entering kindergarten will be assessed using **Star Early Literacy**.

REQUIREMENTS FOR FIRST GRADE ADMISSION

Any child who has attained the age of six (6) on or before September 1st of the school year and who has satisfactorily completed the requirements for kindergarten in a public school in accordance with the District's Student Progression Plan or in a non-public school from which the District School Board accepts transfer of academic credit, or who otherwise meets the criteria for admission or transfer in a manner similar to that applicable to other grades, shall be admitted or promoted to the first grade. (F.S. 1003.21)

ASSESSMENT AND REMEDIATION

The school in which the student in need of remediation is enrolled will develop and implement, in consultation with the student's parent, a Multi-Tiered System of Supports Plan designed to assist the student in meeting state and district expectations for proficiency.

For a student with a deficiency in ELA, a MTSS plan shall identify the student's specific areas of deficiency in phonemic awareness, phonics, fluency, comprehension, vocabulary, the desired levels of performance, and the instructional and support services to be provided during the regular school in addition to the regular ELA instruction. Schools shall also provide for the frequent monitoring of the student's progress in meeting the desired levels of performance. The district school board will assist schools and teachers to implement research-based ELA activities that have been shown to be successful in teaching ELA to low-performing students.

The district will provide a state-identified ELA curriculum that has been reviewed by the Florida Center for Reading Research at the Florida State University and meets, at a minimum the following specifications: assists students assessed as exhibiting a reading deficiency in developing the ability to read at grade level; provides skill development in phonemic awareness, phonics, fluency, vocabulary, and comprehension, provides scientifically-based and reliable assessment, provides initial and on-going analysis of each student's reading progress, is implemented during regular school hours, provides a curriculum in core academic subjects to assist the student in maintaining or meeting proficiency levels for the appropriate grade in all academic subjects.

An MTSS plan will be developed in consultation with the parents for all students identified as struggling readers. The district will conduct a review of the MTSS plan for all students who score Level 1 on the ELA portion of the FAST and do not meet one of the good cause exemptions. The review shall address additional supports and services needed to remediate the identified areas of reading deficiency, including a minimum of 90 minutes of daily, uninterrupted, scientifically research-based reading instruction and other strategies prescribed by the school district, which may include, but are not limited to: small group instruction, class size reduction, differentiated instruction, more frequent progress monitoring, tutoring or mentoring, extended school day, and summer reading camps. The district will provide in writing the criteria and policies for a portfolio and the evidence for a student to demonstrate mastery of Florida's grade 3 ELA standards. The district may require a student portfolio to be completed for each student. A parent of a student that is identified at risk for retention at any time during the school year may request the school to begin collecting evidence for a portfolio.

Students with substantial reading deficiency in Grades K-5 will receive intensive reading instruction. The intensive reading instruction will include an educational program different from the previous year and consider the student's learning style. Students who score below 40% PR on the initial STAR Reading Assessment may receive the services described above. Those services will be detailed in an MTSS plan developed in consultation with the student's parent to assist the student in meeting state and district expectations for proficiency. Frequent monitoring of the student's progress in meeting the desired levels of performance shall be provided.

At any time during the school year, retained students in Grade 3, demonstrating an independent reading level at or above grade level, may be promoted to Grade 4. Tools used to demonstrate independent reading include: subsequent assessments, alternative assessments, and portfolio reviews, in accordance with the rules of the State Board of Education.

The district will provide these students with a high-performing teacher as determined by student performance data and above-satisfactory performance appraisals. Supplemental tutoring in scientifically researched-based ELA instruction will be offered to qualifying students. The district will also provide at-home activities and strategies for parents to help remediate reading deficiencies with their child.

READING DEFICIENCY

Any student, who exhibits a substantial deficiency in reading, based upon Florida Standards and locally determined or statewide assessments conducted in kindergarten through fifth grade, or through teacher observations, must be given intensive reading instruction immediately following the identification of the reading deficiency. At the beginning of grades K through 5, students will be assessed in ELA. Based upon the results of the assessments and/or based on teacher recommendations, students who are substantially deficient in reading will be given intensive remediation. The student's reading proficiency must be reassessed at the beginning of the next year, and intensive reading instruction must continue until the reading deficiency is remedied.

If the student's reading deficiency is not remediated by the end of grade 3, as demonstrated by scoring Level 2 or higher on the Florida Assessment of Student Thinking (FAST) in ELA for Grade 3, and does not meet good cause, the student must be retained. Students who have received two or more years of intensive reading intervention and were previously retained in kindergarten, grade 1, grade 2, or grade 3 for a total of two years meet the criteria for good cause exemption. Students may not be retained in grade 3 more than once. Students retained under this provision must be provided intensive interventions in ELA to address the student's specific reading deficiencies as identified by a valid and reliable diagnostic assessment to determine the nature of the student's difficulty and areas of academic need. This intensive intervention must include but not be limited to: effective instructional strategies, participation in the school's district summer reading camp, and appropriate teaching methodologies necessary to assist those students in becoming successful readers, able to read at or above grade level, and ready for promotion to the next grade.

The district will implement the following to meet the needs of 3rd grade students identified with a reading deficiency who have not been previously retained in 3rd grade:

Teacher Student Ratio	Same as other students
Reading Instructional Time	90-minute reading block in a smaller group size setting or one-on-one Rule 6A-6.054, F.A.C.
Materials	<p>Core/State Identified Reading program that is research based and has proven success teaching the components of reading. Rule 6A-6.053 F.A.C.</p> <p>Differentiated Materials Research-based materials that reinforce the initial instruction.</p> <p>Intervention Materials Research-based materials that teach areas of deficits as determined by an assessment measure. This instruction must take place in addition to the 90-minute reading block. Rule 6A-6.054 & 6A-6.053 F.A.C.</p>
Screening	Options may include, but are not limited to, program-based materials, teacher observation or a screening/progress monitoring tool. Rule 6A-6.053 F.A.C.

Progress Monitoring	Students identified with a reading deficiency must be progress monitored. Schools must progress monitor students with a reading deficiency a minimum of three times per year. This includes a baseline, mid-year and an end-of-year assessment. Rule 6A-6.054 F.A.C.
Diagnostic	A student who does not meet specific levels of performance on the required assessment as determined by the district school board or who scores below Level 3 on the statewide standardized assessment as applicable under section 1008.22, F.S., must be provided with additional diagnostic assessments to determine the nature of the student's difficulty, the area of academic need and strategies for appropriate intervention and instruction. Section 1008.25(4)(a), F.S.
Progress Monitoring Plan (PMP)	A PMP may be developed and implemented for any student who is not meeting the school district or state requirements for proficiency in reading. Section 1008.25(4) (b), F.S.

Data Reporting	Progress monitoring is required at the district level.

The district will implement the following to meet the needs of 3rd grade students identified with a reading deficiency who have been retained in 3rd grade and do not meet good cause:

Teacher Student Ratio	Reduced Student-Teacher Ratio. Section 1008.25(7)(b)1.c., F.S.
Reading Instructional Time	Minimum of 90 minutes of daily uninterrupted reading instruction which includes small group instruction. Section 1008.25(7) (b) 1. F.S. Intervention in addition to 90-minute reading block. Rule 6A-6.054 F.A.C.
Teacher Quality	Provide students with a highly effective teacher as determined by the teacher's performance evaluation under section 1012.34, F.S. Section 1008.25(7)(b)4., F.S.
Materials	<p>Core/State Identified Reading program that is research based and has proven success teaching the components of reading. Rule 6A-6.053 F.A.C.</p> <p>Differentiated Materials Research-based materials that reinforce the initial instruction.</p> <p>Intervention Materials Research-based materials that teach areas of deficits as determined by an assessment measure. This instruction must take place in addition to the 90-minute reading block. Rule 6A-6.054 and Rule 6A-6.053 F.A.C.</p> <p>Differentiated Instruction Should be treated as immediate intensive intervention with prescribed materials for the students' deficits.</p> <p>Immediate Intensive Intervention (iii) Materials should continue to be used during iii after the 90-minute reading block. Rule 6A-6.054 and Rule 6A-6.053 F.A.C.</p>

Screening	Options may include, but are not limited to, program-based materials, teacher observation or screening/progress monitoring tool. Rule 6A-6.053 F.A.C.
Progress Monitoring	Progress monitoring should be more frequent for these students than for non-retained students and should be ongoing. This can be as simple as a Comprehensive Core Reading Program (CCRP) or Supplemental Reading Program (SRP) weekly test, timed readings or teacher observations. Schools must progress monitor students with a reading deficiency a minimum of three times per year. This includes a baseline, mid-year and an end-of-year assessment. Rule 6A-6.054 F.A.C.
Diagnostic	A student who does not meet specific levels of performance on the required assessment as determined by the district school board or who scores below Level 3 on the statewide standardized assessment as applicable under section 1008.22, F.S., must be provided with additional diagnostic assessments to determine the nature of the student's difficulty, the area of academic need and strategies for appropriate intervention and instruction. Section 1008.25(4)(a), F. S
Progress Monitoring Plan (PMP)	A PMP must be developed and implemented for any student who is not meeting the school district or state requirements for proficiency in reading. Section 1008.25(4)(b), F.S.
Summer Reading Camps	Districts will provide access to Summer Reading Camps for students scoring Level 1 on the FAST ELA. Districts may extend summer reading camp services to other students. Section 1008.25(7) (b) 1. F.S. School districts will provide written notification to the parent of any student who has not met the proficiency level required for promotion and therefore, is retained. Section 1008.25(7)(b)2., F.S.
Data Reporting	Progress monitoring is required at the district level.
Strategies prescribed by school district which may include, but are not limited to:	

Tutoring and Mentoring	A trained volunteer or mentor may be assigned to each student and/or someone may be assigned to tutor each student on deficit areas. Section 1008.25(7)(b)1. e., F.S.
Transition Classes	The school district has the option of placing students who have been retained in grade 3 and have received intensive instructional services but are still not ready for promotion, as determined by the school district, in a transitional instructional setting. Section 1008.25(7)(b)1. f., F.S.
Extended School Day	Provide an after-school program with research-based materials and certified teachers to tutor and remediate students. Saturday school with research-based materials and certified teachers to tutor and remediate students. Extended year with research-based materials and certified teachers to tutor and remediate students. Section 1008.25(7)(b)1. g., F.S.

PARENTAL NOTIFICATION

The parent of any student who exhibits a substantial deficiency in reading based upon locally determined or statewide assessments or through teacher observations, must be notified in writing of the following:

- 1) The child has been identified as having a substantial deficiency in reading
- 2) A description of the current services that are provided to the child.
- 3) A description of the proposed supplemental instructional services and supports that will be provided to the child that are designed to remediate the identified area of reading deficiency.
- 4) That if the child's reading deficiency is not remediated by the end of grade 3, the child must be retained unless he or she is exempt from mandatory retention for good cause.
- 5) Strategies for parents to use in helping their child succeed in reading proficiency.
- 6) That the Florida Assessment of Student Thinking (FAST) is not the sole determiner of promotion and that additional evaluations, portfolio reviews, and assessments are available to the child to assist parents and the school district in knowing when a child is reading at or above grade level and ready for grade promotion.
- 7) The district's specific criteria and policies for midyear promotion. Midyear promotion means promotion of a retained student at any time during the year of retention once the student has demonstrated ability to read at grade level.

The school in which the student is enrolled must develop and implement an MTSS plan in consultation with the student's parents. This plan will be designed to assist each student who has been identified as not meeting state or district expectations for proficiency in ELA, science, social studies, or mathematics.

Parents/guardians will be notified of their child's progress during the school year by means of formal report cards at each nine weeks interval and by progress reports during the fifth week of each quarter. Other means of keeping the parent/guardian informed may consist of the following: conferences, phone/email contact, samples of student's work, test results, letters, and informal notes.

PHYSICAL EDUCATION REQUIREMENT

Pursuant to Florida Statutes 1003.55, all students, including students with disabilities, in grades K-5 will receive 150 minutes of physical education each week. Physical education is defined as the development of knowledge and skills regarding teamwork and fairplay; the development of knowledge and skills regarding nutrition and physical fitness as part of a healthy lifestyle.

This requirement will be waived if: a student is enrolled in a remedial course; the parent requests that the student enroll in another course; or the student is participating in physical activities outside the school day which are equal to, or in excess of, the requirements of the mandate. Counseling pertaining to the benefits of physical education is also available.

A new request in writing from the student's parent is required for each year that a student is eligible and requests to waive physical education.

BAKER COUNTY GRADES 6-8 STUDENT PROGRESSION PLAN

The required program of study for the Baker County Middle School reflects federal, state, and district requirements. Each student must participate in statewide assessment tests. The following requirements are pursuant to Florida Statutes. **If you need further assistance please contact Baker County Middle School Guidance Office at (904) 259-2226.** Middle grades students enrolled in high school Algebra I must pass the course and must take and pass the statewide standardized EOC assessment to earn high school credit towards a standard diploma. The results of the EOC assessment will constitute 30 percent of the student's final course grade. Grade 8 students who do not pass the Algebra I EOC may retake the EOC. If the EOC retake passing score changes the final course grade by at least a letter grade, the Algebra I course grade will be recalculated to reflect the EOC retake score. Students may have their 8th grade Algebra I course grade recalculated, upon passing the EOC, through their junior year.

Middle grades students enrolled in high school Algebra I must pass the statewide standardized EOC assessment to qualify for a standard high school diploma. However, if the middle grades student does not pass the EOC assessment in middle school, the student will have multiple opportunities in high school to retake the course and/or the assessment.

Middle grades students enrolled in high school Geometry or Biology I (offered via Virtual School) must take the statewide, standardized EOC assessment, and the results of the EOC assessment must constitute 30 percent of the student's final course grade. Students must pass the course but are not required to pass the EOC assessment to earn high school credit.

Middle grade students and high school students enrolled in high school Geometry (offered via Virtual School) are required to pass the statewide, standardized EOC assessment to qualify for a standard high school diploma scholar designation.

Middle grade students and high school students enrolled in high school Biology I (offered via Virtual School) must pass the statewide, standardized EOC assessment to qualify for a standard high school diploma scholar designation.

Students who score Level 1 on the statewide, standardized assessments for ELA must be enrolled in and complete a remedial course or a content area course in which remediation strategies are incorporated into course content delivery.

One of the middle grades' courses must be at least a one-semester civics education course. Each student's performance on the statewide, standardized EOC assessment in civics education must constitute 30 percent of the student's final course grade. A student does not have to pass the statewide, standardized civics EOC assessment to be promoted to high school; however, a student must receive a passing grade in Civics to be promoted. A middle grades student who transfers into the state's public-school system from out of country, out-of-state, a private school or a home education program after the beginning of the second term of eighth grade is not required to meet the civics education requirement for promotion if the student's transcript documents passage of three courses in social studies or two year-long courses in social studies that include coverage of civics education. If this is not the case, the student must be immediately enrolled in Civics, participate in the Civics EOC and the results of the EOC must constitute 30 percent of the course grade.

Students taking courses at Baker County Middle School must demonstrate mastery of the Florida Standards and intended outcomes by earning a final score of 60 percent or better for that course as prescribed by the school district's grading system. For those courses with an EOC, the average of the student's four nine weeks grades are given a weight of 70% and the state mandated EOC (End of Course Exam) is given a weight of 30% to determine the student's final grade for the course. Students enrolled in English language arts, mathematics and 8th grade science who are taking State Assessments will have the PM3 and 8th grade Science assessment scores count as 20% of the overall final grade.

Promotion from middle school requires that a student must successfully complete 3 middle school or higher courses in English, 3 middle school or higher courses in mathematics, 3 middle school or higher courses in social studies (including at least one semester of civics instruction), 3 middle school or higher courses in science.

The following areas of study are offered and/or required for each grade:

- Remedial Reading (Grades 6-8 for identified students who scored a level 1 on the Florida Assessment of Student Thinking (FAST))
- ELA (Required, Reading, Spelling, Writing, English)
- Mathematics (Required)
- Science (Required)
- Social Studies (Required)
- Civics (At least one semester required.) Student must receive passing grade in Civics to be promoted to ninth grade.
- Career and Technical Education courses (Offered Grade 7 & 8 Only)
- Physical Education (Offered)
- Band (Offered)
- Units of Drug Education, Consumer Education, Health Education, Computer Literacy, Character Education and other mandated state programs will be integrated throughout the curriculum.

Students are involved in a variety of electives. These include: Agriculture, Health, Computer Science, Digital Information Technology, Art, Physical Education, and Band. Each student will take the required program, plus an elective(s), unless assigned to a special program. If the individual schedules allow, students in grades 6, 7, & 8 are encouraged to enroll in physical education classes that stress physical fitness as a significant healthy benefit and encourages healthy, active lifestyles. Students may be pulled from Vocational, Band, and/or Physical Education classes to fulfill remediation requirements. (See item G, under "Physical Education Requirement" for additional information.)

A. Grade Placement:

- 1) Students failing no more than two subjects in the areas of ELA, math, science, and/or social studies will be retained unless they attend and successfully complete summer school (if offered) and/or successfully complete a credit recovery course. For students in sixth grade, Reading is also categorized as a core subject, and unsuccessful completion of this course may contribute to a student's retention or inclusion in either summer school or credit recovery. Any student that fails three or more of the previously mentioned subjects will be required to repeat their present grade. Summer school students must meet strict attendance and academic requirements in order to pass and advance to the next grade level. Only one absence is allowed during summer school session. Due to limited space and numbers, the principal will consider age, grades, behavior, standardized test scores, attendance, previous retentions, and other individual student circumstances and reserves the right to accept or deny entrance to a summer school program. The curriculum in all classes will reflect the Florida Standards and grade level expectations. Students are expected to have passing scores of 60% or higher, which is in accordance with the state grading scale.
- 2) Students who score a level 1 on the ELA and/or math sections on the state Florida Assessment of Student Thinking (FAST) may be required to attend and successfully complete an after-school remediation program, in-school remediation program or summer school (if available). These identified students will be referred to the MTSS Team for progress monitoring and strategy development to best meet the students' needs. Diagnostic assessments and progress monitoring will be utilized to determine the nature of the student's learning difficulty, academic needs, and progress. Each student who does not meet the minimum performance expectations defined by the Commissioner of Education for the statewide assessment test in ELA and/or mathematics must continue to be provided with remedial or supplemental instruction.
- 3) All students scoring a level 1 in the area of ELA may be placed in a remedial class for supplemental instruction the following year.
- 4) A student in danger of being retained may be considered for promotion under the following "good cause" conditions: Limited English Proficient (LEP) students having less than 2 years of English for Speakers of Other languages (ESOL) instruction; students with disabilities whose Individual Education Plans (IEP) indicate that participation in the statewide assessments is not appropriate, consistent with State Board of Education rule; students who demonstrate an acceptable level of performance on an alternate standardized reading assessment approved by the State Board of Education rule; students who demonstrate through a student portfolio that the student is reading on grade level.
- 5) Students who score a Level 1 or Level 2 on FAST ELA may be placed in an intensive reading course the following year. This intensive reading course provides a core reading program as well as supplemental reading programs, diagnostic testing, and regular monitoring of progress for each individual student.
- 6) A student who has been retained for two or more years will have a Multi-Tiered System of Supports (MTSS) Plan which may include placement in an alternative educational setting for academic remediation and intervention, or other academic/behavioral interventions.

B. Notification:

Parents/Guardians will receive a progress report during the fifth week of each grading period. At the end of each nine weeks grading period, the parent/guardian will receive a report card of their child's level of achievement. After the 2nd and 3rd nine weeks, notification will be mailed to the parents/guardian of those students who are in danger of failing. After the completion of the fourth grading period and all assessment scores are received from the state, the final grading report will be ready for pickup. This official reporting document will give notification if a student is retained in

present grade, must attend summer school (if available) for promotion, must complete credit recovery course(s), or if the student is promoted to the next grade level. Parents will receive the results of the Florida Assessment of Student Thinking (FAST) as soon as the individual student scores are made available to BCMS from the Florida Department of Education. Parents with a student who is in danger of failing any subject for the year will receive a letter informing them of such at the completion of the 1st semester and after the third nine weeks.

C. High School Courses Taken in Grade 8 or Below:

With the approval of administration and school staff, a student below the 9th grade may enroll in a course designated as a 9-12th grade course. Any such student shall be classified as a high school student during the period that he/she is enrolled in a 9-12th grade course. Credits earned while enrolled in high school courses taken below grade 9 level may simultaneously be used to meet high school graduation requirements as well as for promotion to the next grade level. Beginning with the 2012-2013 school year, a middle school student must pass the Algebra 1 course and the end-of-course (EOC) assessment to earn the high school credit. According to Florida Statute 1003.4282, the score of this end-of-course exam (EOC) will count 30% of the student's final grade. Grade 8 students who do not pass the Algebra I EOC may retake the EOC. If the EOC retake passing score changes the final course grade by at least a letter grade, the Algebra I course grade will be recalculated to reflect the EOC retake score. Students may have their 8th grade Algebra I course grade recalculated, upon passing the EOC, through their junior year.

D. Student Participation:

Students failing any class may be ineligible to participate in activities during and/or after the school day. These include, but are not limited to extra-curricular activities, field trips, assemblies, and dances. Students with excessive absences and/or disciplinary referrals may be denied participation in said events.

E. Personalized Academic and Career Plan

A personalized academic and career plan will be developed for all middle school students. This plan will assist the student in meeting district, state, and federal educational expectations, including career planning and academic course requirements. The plan will include high school graduation requirements, high school assessments, college entrance test requirements, Florida Bright Futures Scholarship Program requirements, state university and Florida college admission requirements, and opportunities through which a high school student can earn college credit.

F. Allocation of Resources:

District school boards shall allocate remedial and supplemental instruction resources to students who fail to meet performance levels required for promotion consistent with the district school board's plan for student progression.

G. Physical Education Requirement:

Students must have the equivalent of one class period per day of physical education for one semester of each year. This requirement will be waived if: a student is enrolled in a remedial course, such as reading and/or math; the parent requests that the student enroll in another course (such as student aide requests); or the student is participating in physical activities outside the school day which are equal to, or in excess of, the requirements of the mandate. Counseling pertaining to the benefits of physical education is also available.

H. Make-Up Work Due to Attendance

A student who has been absent from school will be given the opportunity to make up class work that has been missed, provided that such work is made up within the same number of days as the student was absent. The first day upon returning to school will not count as one of those days except for **pre-announced exams**. The student who has been absent will arrange to make up work at times when it will not interfere with normal class activities. IT IS THE RESPONSIBILITY OF THE STUDENT TO REQUEST MAKE-UP ASSIGNMENTS FROM THE TEACHERS AND RETURN THE COMPLETED WORK. (This is the procedure on excused as well as unexcused absences.) Tardies and check-outs are considered an absence for missed classes.

I. Grade Requirement for Course Credit (Algebra I Students)

In order for an Algebra I student to receive a passing course grade and credit for the course taken at Baker County Middle School, he/she must demonstrate mastery of the State Standards and intended outcomes by earning a final score of 60% or better for that course as prescribed by the school district's grading system. The average of the student's four nine weeks grades is given a weight of 70% and the state mandated EOC (End of Course Exam) is given a weight of 30% to determine the student's final grade for the Algebra I course. This assessment process includes state mandated end of course exams, teacher exams, unit tests, teacher observations and evaluations of student work, classroom assignments, and other requirements or evaluative criteria as established for that course. **The student must also meet the requirements of the Baker County High School Attendance Policy regarding course credits. Middle grade students enrolled in high school Algebra I must pass the course and the statewide standardized EOC assessment to earn course credit and qualify for a standard high school diploma.** However, if the middle grades student does not pass the course and/or EOC assessment in middle school, the student will have multiple opportunities in high school to retake the course and/or the assessment. Florida Standards for all high school courses taught at Baker County Middle School have been adopted by the School Board.

BAKER COUNTY GRADES 9-12 STUDENT PROGRESSION PLAN

GRADUATION REQUIREMENTS AS DETERMINED BY THE STATE OF FLORIDA

The document below was created by the Florida Department of Education and outlines all high school graduation requirements and opportunities. To access this document online, please use the following link:

<https://www.fldoe.org/core/fileparse.php/7764/urlt/standarddiplomarequirements.pdf>

If you have any questions or need additional information, please contact the high school guidance office at 904-259-6280.

NUMBER OF HOURS REQUIRED TO EARN COURSE CREDIT

A credit for high school graduation is defined as a minimum of 135 hours of instruction in a 50 - minute class in a designated course which contains student performance standards as adopted by the Baker County School District (1/2 credit is defined as 1/2 of these requirements).

A student's credit **will be withheld** if their attendance does not meet the 135-hour requirement. This rule means that for a student to earn credit, the student may have no more than nine unexcused absences per 18-week term. A student will be considered absent if he/she misses more than half of a class period (more than 25 minutes). This requirement is for each individual class period throughout the day. If a student is absent from a class immediately before or immediately after a period of OJT/WBL (On the job training/Work based learning), the student will be considered absent from the OJT/WBL periods.

No schedule changes will be made that prevent students from complying with statutory requirements for time in class, except when authorized by the Principal or his/her designee.

The statutory requirement also applies to students who enroll, without any transfer grades, too late in the semester to earn credit. These students may be placed in an additional course(s) to make up for the time that they were not enrolled in school. In an effort to allow credit to be earned for the semester.

The high school principal, at his/her discretion, may use for non-instructional extra-curricular activities, the difference between the 135-hour minimum requirement and the 150-hour full credit definition in a 50-minute class.

MAKE-UP WORK DUE TO ATTENDANCE

A student who has been absent from school, whether the absence is excused or unexcused, will be given the opportunity to make up class work that has been missed; provided that such work is made up within the same number of days as the student was absent. The first day upon returning to school will not count as one of those days except for pre-announced projects and/or exams. However, **this is not to be done at the educational expense of other students.** The student who has been absent will arrange to make up work at times when it will not interfere with normal class activities. It is the student's responsibility to request make-up work from the teacher following a student absence.

GRADE REQUIREMENT FOR COURSE CREDIT

In order for a student to receive credit for a course taken at Baker County High School, he/she must demonstrate mastery of the Florida Standards and intended outcomes by earning a final score of 60 or better for that course as prescribed by the school district's grading system. For those courses with an EOC, the final average will consist of semester grade (35% each) and an end of course (EOC) assessment (30%). All other courses will be assessed using semester exams and End of Year (EOY) assessment which are worth 20% of the semester grade during which they are given (see Grading System on Page 2), with each nine-weeks being worth 40% to earn a semester grade equivalent to one-half credit. Students enrolled in English 1 and/or English 2, who are taking the Grade 9 and 10 FAST ELA State Assessment will not take a semester exam for that course. The State Assessment scores will count as 20% of the final course grade in a similar manner as with the EOC assessments. The final course grade will consist of each semester average (40% each) and the ELA State Assessment (20%). This assessment process will include state mandated end of course assessments, teacher exams, unit tests, teacher observations and evaluations of student work, classroom assignments, and other requirements or evaluative criteria as established for that course. The student will also meet the requirements of the Baker County Attendance Policy. Florida State Standards for all courses taught at Baker County High School have been adopted by the School Board. Copies of these standards are available at <http://www.fldoe.org/bii/curriculum/sss/>.

DEFINITION OF "CREDIT"

Florida Statutes, Section 1003.436(2), provides the definition of "credit" – In awarding credit for high school graduation, each district school board shall maintain a one-half credit earned system that shall include courses provided on a full-year basis. A student enrolled in a full-year course shall receive one-half credit if the student successfully completes either the first half or the second half of a full-year course but fails to successfully complete the other half of the course and the averaging of the grade obtained in each half would not result in a passing grade. A student enrolled in a full-year course shall receive a full credit if the student successfully completes either the first half or the second half of a full-year course but fails to successfully complete the other half of the course and the averaging of the grade obtained in each half would result in a passing grade, provided that such additional requirements specified in district school board policies, such as class attendance, homework, participation, and other indicators of performance, shall be successfully completed by the student.

GRADE PLACEMENT AND PROMOTION

Beginning in the 2023-2024 school year and thereafter, students who enter grade 9 for the first time will be promoted to subsequent grades based on their cohort group, until the end of grade 11. In order to be promoted to grade 12, a student must have earned at least seventeen credits. Three (3) of those credits must be in English, three (3) credits must be in math, and two (2) credits must be in science.

Consistent with school board rules and in accordance with state statute (1012.28(5) F.S.), the Superintendent has designated the principal of the school as the final authority in the placement of students in programs or classes.

12th grade students who are not on track to meet all graduation requirements, including earning all required credits and meeting a minimum standard of 2.0 GPA, will not be allowed to participate in Senior activities until those requirements are met, which includes participation in Grad Bash, senior breakfasts, and senior privileges.

STUDENT ENROLLMENT CRITERIA

If a currently enrolled student is seeking a standard diploma and is twenty (20) years of age or older by September 1 of the current school year, enrollment of the student at Baker County High School will be at the discretion of the principal. If a student is eighteen (18) years of age or older and seeking enrollment at Baker County High School, his/her enrollment will be at the discretion of the principal or his designee.

PARTICIPTION IN INTERSCHOLASTIC EXTRACURRICULAR ACTIVITIES

A cumulative GPA of 2.0 or above is required for participation in interscholastic extracurricular activities. Students in the 9th through 12th grade must maintain a GPA of 2.0 or above. If the student's GPA falls below the cumulative 2.0, the student will not be allowed to participate in any extracurricular or sports activities until the next semester when his or her GPA meets or exceeds the 2.0 minimum standard. Students and parents should note that Florida Senate Bill 228 (2011) requires suspension of students from extracurricular activities for multiple dress code offenses.

Home education students may participate in courses with related competitive extracurricular activities at Baker County High School (i.e. Agriculture, JROTC, Band, PE).

Students are allowed to satisfy the one required physical education credit by taking the personal fitness course (1501300) **and** any other 0.5 credit physical education course **or** by participating in two full seasons of JV or varsity sports, JROTC, or Marching Band. However, they cannot be awarded a credit on their transcripts. All students who choose to satisfy their physical education requirements by waiver must complete additional credits in elective courses to meet the 24 credits required by the state for graduation.

ELECTIVE CREDIT FOR MILITARY TRAINING

One elective credit toward graduation will be awarded to any student who successfully completes military basic training during the summer between the 11th and 12th grades. A grade of "A" will be assigned to the credit. The course will be identified by course code number 1800990 or its replacement. Prior to participating in this military training, the student has the responsibility to notify the school in writing of his/her intentions to seek credit for the activity. At the conclusion of the military summer training, the student will present adequate documentation of his/her successful completion of the program.

ASSISTANCE WITH CUMULATIVE GRADE POINT AVERAGE(CGPA) REQUIRED FOR GRADUATION

Students, who have a 2.0 or less Cumulative Grade Point Average (CGPA) in Grades 9-12, will be identified through the academic progress reporting system. These students will be afforded assistance by such means as counseling, tutoring and/or summer school. Tutorial assistance may be provided after school and/or on Saturdays as a means of assisting students in meeting the requirements of Florida Statute 1003.43.

In the computation of the CGPA for graduation, when considering those students who are below the 2.0 CGPA requirement of Florida Statute 1003.43, only 24 credits will be utilized. These 24 credits must include all courses specifically required by the State and the District, and the number of elective courses necessary to total 24 credits. Lower grades in electives or non-required courses beyond the 24 credits may be excluded from the computation. However, the grades earned for all courses taken in Grades 9-12 and Grade 8 (if a high school course) will be used when computing overall CGPA's for class rankings.

GRADE FORGIVENESS POLICY

In the computation of the CGPA for graduation, when considering those students who are below the 2.0 CGPA the District Grade Forgiveness Policy will be applied as follows:

FL Statute 1003.4282(5) **DISTRICT GRADE FORGIVENESS POLICY**—Each district school board shall adopt policies designed to assist students in meeting graduation requirements including grade forgiveness policies. Forgiveness policies for required courses shall be limited to replacing a grade of “D” or “F” with a grade of “C” or higher earned subsequently in the same or comparable course. Forgiveness policies for elective courses shall be limited to replacing a grade of “D” or “F” with a grade of “C” or higher earned subsequently in another course. The only exception to these forgiveness policies shall be made for a student in the middle grades who takes any high school course for high school credit and earns a grade of “C,” “D,” or “F”. In such case, the district forgiveness policy must allow the replacement of the grade with a grade of “C” or higher earned subsequently in the same or comparable course. In all cases of grade forgiveness, only the new grade shall be used in the calculation of the student’s grade point average. Any course grade not replaced according to a district school board forgiveness policy shall be included in the calculation of the cumulative grade point average required for graduation.

All courses taken will be a part of the student’s permanent record.

Students who originally took the Algebra 1 EOC in 8th grade, can request that their Algebra 1 final grade be recalculated if their subsequent EOC retake score would improve their Algebra 1 final grade. This recalculation requires a formal request to be made by the parent or student by the end of their 11th grade school year.

HONORS COURSE PLACEMENT

Students’ state assessment scores will be used to assign core academic classes. Students must earn a passing score on the Algebra 1 EOC during the 8th grade in order to be eligible for placement in honors level math at the high school for the following school year. Students must score a level 4 or 5 on the 8th grade state assessment in ELA, Science, or Civics in order to be placed in corresponding honors courses at the high school in the 9th grade. In order to be eligible to enroll in Spanish 1 in their 9th grade year, students must have earned a passing score on the Algebra 1 EOC and a level 4 or 5 on the 8th grade ELA state assessment. Students must continue to maintain a score level of 3, 4, or 5 on math and ELA state assessments to remain in honors courses beyond the 9th grade.

CLASS RANK FOR GRADUATION

Student’s Cumulative Grade Point Average (CGPA) used for the purpose of determining class rank, valedictorian and salutatorian will be calculated at the end of the seventh semester, for all students in programs earning a standard high school diploma. This GPA will include weighted dual-enrollment courses.

Valedictorian and Salutatorian designation is only applicable for students who have been enrolled at BCHS for at least three (3) semesters.

GPA Calculation

Grades earned in Advanced Placement and Dual Enrollment courses will add 1 quality point resulting in a weighted GPA. For the purpose of class rank, letter grades will be converted to quality points as defined below:

Standard Course		Advanced Course*	
A	4	A	5
B	3	B	4
C	2	C	3
D	1	D	2
F	0	F	0

* Advanced Placement, and Dual Enrollment Semester classes are calculated at half the point value.

REQUIREMENTS FOR PARTICIPATION IN GRADUATION CEREMONIES

Students who meet the requirements for a diploma or a certificate of completion may participate in graduation exercises (i.e., Baccalaureate and Commencement ceremonies) as set forth in the Baker County School District's Student Progression Plan if they have met the following criteria:

1. Earn the 24 or 18 credits required by the state based upon the original diploma designation.
2. Participate in school provided remediation courses that are offered through 12th grade, such as Research, Intensive Reading, or ACT/SAT bootcamp, etc.
3. Complete state retake test opportunities when offered during the school day, as well as participate in at least one concordant score testing opportunity (ACT/SAT/CLT) offered on any national test date.

Home education and full-time virtual school students are not permitted to participate in graduation ceremonies. A student with a disability who elected to defer receipt of the diploma in order to continue to receive transition and/or educational services, may participate in graduation ceremonies.

CERTIFICATE OF COMPLETION REQUIREMENTS

The school district will award a Certificate of Completion to those students who have not fulfilled the requirements set by the State Board of Education and meet the criteria listed below.

Students must complete the following in order to receive a certificate of completion:

- Earn the 24 or 18 credits required by the state based upon the original diploma designation.

ASSESSMENT AND REMEDIATION

Students enrolled in the English for Speakers of Other Languages (ESOL) program for less than two school years who meet all graduation requirements except for passing the Grade 10 Florida Assessment of Student Thinking (FAST) may receive immersion English language instruction during the summer following their senior year. These students will earn a standard diploma upon successfully passing the Grade 10 FAST.

Remedial instruction provided may not be in lieu of English and Mathematics credits required by graduation.

Students scoring a Level 1 or Level 2 on FAST ELA may be placed in an intensive reading class for remediation.

ALLOCATION OF RESOURCES

District school boards shall allocate remedial and supplemental instruction resources to students who fail to meet performance levels required for promotion consistent with the district school board's plan for student progression.

FLORIDA BRIGHT FUTURES SCHOLARSHIP INFORMATION

Due to the continually changing requirements and disbursement of the Florida Bright Futures Scholarships, it is recommended that students and parents contact or visit the following for the most up to date information.

Information for Florida Bright Futures is available at:

TOLL-FREE: 1-888-827-2004 E-MAIL: OSFA@fldoe.org

Office of Student Financial Assistance WEB SITE: www.FloridaStudentFinancialAid.org

Bright Futures WEB SITE: www.FloridaStudentFinancialAid.org/SSFAD/bf/

Public high school students should visit

<http://www.floridastudentfinancialaid.org/ssfad/PDF/BFEligibilityAwardChart.pdf> to review their academic progress toward meeting Florida Bright Futures Scholarship Program eligibility requirements and State University System course requirements for college admission. Evaluations will be based on current program requirements and the most recent transcript received from a student's school district.

COMMUNITY SERVICE/WORK HOURS

Community Service is defined as identifying *and* addressing a social issue in the community. These hours will meet the requirement for the Florida Academic Scholars, Florida Medallion Scholars or Gold Seal Vocational scholarships. The completed hours will be recorded on the student's transcript.

To be eligible to receive one of the Florida Bright Futures Scholarship Awards a student must complete the minimum number of Community Service hours or Work hours as indicated below:

Community Service Hours Needed:

Florida Academic Scholarship – 100 hours

Florida Medallion Scholarship – 75 hours

Gold Seal Vocational Scholarship – 30 hours

Gold Seal CAPE Scholarship – 30 hours

Paid Work Hours Needed:

Florida Academic Scholarship—100 hours

Florida Medallion Scholarship—100 hours

Gold Seal Vocational Scholarship—100 hours

Gold Seal CAPE Scholarship—100 hours

Beginning with the class of 2023, students may use work hours in lieu of service hours. Service and work hours cannot be combined. If students are enrolled in OJT and are turning in work hours, the hours submitted MUST be in excess of the minimum required OJT course hours needed. For example: If a student is scheduled for 3 periods of OJT each week, he or she needs to work a minimum of 15 hours to receive course credit. The allowable work hours that the student turns in must be hours above and beyond these 15 hours.

Baker County High School presents an honorary silver cord to students who have served 150 hours of community service which symbolizes their commitment to their community. This cord will be worn during graduation ceremonies. Work hours do not count toward earning the silver cord recognition.

Community service hours and work hours must be documented on the Community Service/Work Hours Personal Plan form. These forms must be submitted to the Guidance Office. Students should turn in any hours earned during the school year in which the service occurred (July 1st to June 30th) and should keep a duplicate copy of all forms for their records.

General guidelines for the student community service program are as follows:

1. All services must comply with the policies of the School Board of Baker County, Florida.
2. Student community service hours may be earned in both the school and/or the community.
3. Participation in and travel to theatrical musical performances, festivals or community events will count as service hours if both (A) and (B) below are met:
 - A. The performance meets an identified community service need.
 - B. The performance is not a fundraiser for the organization, the student is not paid, the performance is outside of school hours. For example, students participating in a BCHS drama or school band may receive hours for performing at a retirement home, charitable, and civic events or for a non-profit agency.
4. Rehearsal and practice time outside of school hours will count for community service projects to be performed or conducted specifically to meet a community service need.
5. Fundraising activities for non-profit charities or school clubs/organizations will only count as community service hours as long as the activity complies with Baker County School Board Policies providing the student is not volunteering for an organization that benefits the individual directly (i.e. raising money to go on a field trip or pay for personal equipment). For example, if a high school club has a booth at the county fair and uses those funds to pay for things that benefit the entire school or community, then the hours earned would count as community service.
6. Serving at events or programs sponsored by governmental agencies will count.
7. Time out of class may not be used for community service hours; however, a maximum of five (5) community service hours per week can be earned by participation in an organized, supervised and approved peer tutoring program in which the tutoring takes place when school is in session. However, the tutoring sessions cannot take place during any of the tutor's academic classes.

8. Community service hours will be awarded for students volunteering on political and issue campaigns. To receive community service hours, a student cannot be paid for working on the political campaign. A student is not eligible to receive community service hours for volunteering on the political campaign of a school board employee or in school board elections. Students are not eligible to receive community service hours for campaigning or being engaged in political activities during the school day and on school campuses.
9. Students may receive community service hours for helping at religious institutions as long as those hours do not include participation in a religious service, teaching religion or proselytizing. For example, a student is not eligible for service hours for teaching Sunday school, singing in the choir, playing an instrument, facilitating media production, or serving as an altar server. However, a student may receive service hours for volunteering outside of church service hours. For example, assisting in landscaping, clean up days or volunteering in the day care center.
10. Community service hours completed at a hospital or nursing home will count if the service benefits the patients of the facilities.
11. Community service hours shall not be granted to students who volunteer at for profit summer camps. Students who volunteer at governmental sponsored or not for profit summer camps shall be eligible to receive community service hours for their work. Please note that the collection of a fee does not determine the "Not For Profit" status. The State of Florida issues a 501(c) (3) certificate to "Non-Profit" organizations.
12. Service for a student's family or family business will not count.
13. Service performed as the result of disciplinary action taken by the school or the courts will not count.
14. Participation in campus or competitive activities such as athletics, plays, debate meets, etc. will not count.
15. Babysitting, or similar services, performed for an individual family, will not count.
16. Community service hours may not be certified by a family member or fellow student.
17. The donation of canned foods, toy collections, toys, or monetary donations will not count as community service hours. The time spent collecting the donated items (as long as it does not occur during the school day) can count.
19. The number of service hours that are earned cannot be doubled or in any way increased by any agency or school for student participation in a specific project. Agencies found to be practicing the doubling of hours will be removed from the list of those agencies approved by the programs.
20. Participation in self-improvement workshops, clinics, conferences or conventions will not count for community service hours. If workshops, clinics, etc. have a specific service component, the hours spent on that activity can count.
21. Hours spent helping others (not family members) in disaster preparations or clean up may count. A letter from the parent or guardian indicating that the volunteer service was performed with their permission must be submitted with the log sheet. For example, students volunteering their time to assist neighbors in putting up and taking down hurricane shutters will count towards community service.
22. A student may receive community service hours credit for the time donating blood at an off-campus facility or after school. Donation of blood during the student's school day does not qualify for community service hours credit. However, a student who donates blood at a church blood drive is eligible for community service hours credit.

APPEALS PROCESS FOR COMMUNITY SERVICE HOURS

If a student's hours have been denied by the school-based student volunteer service designee the student may appeal that decision to the BCHS Principal or his/her designee. The appeal must be in writing and a copy of the Log Sheet referencing the hours in question must be attached. The letter must contain a telephone number and address at which the party initiating the appeal can be reached.

BAKER COUNTY HIGH SCHOOL AND FLORIDA GATEWAY COLLEGE DUAL ENROLLMENT PROGRAM

Academic Dual Enrollment – Part Time

In order to be eligible for participation in the Academic Dual Enrollment program, a student must:

1. Have a minimum of 3.0 unweighted High School GPA based on a 4.0 scale.
2. Have a minimum ACT/SAT/PERT test score as established by the College. In order to begin Academic Dual Enrollment, students must have eligible test scores for Reading, English, and Mathematics.
3. Students may not take ENC 1101 or ENC 1102 prior to their Junior year.
4. If a student is registering for a Dual Enrollment Course and it is offered at BCHS the student must take the course offered at the BCHS campus.
5. A senior student's schedule must combine for at least 6 FTE courses. This can be a combination of High School courses and College Courses.
6. A junior student's schedule must combine for at least 6 courses per semester. This can be a combination of high school courses and college courses.

Academic Dual Enrollment – Full Time

In order to qualify for the program, a student must comply with these requirements:

1. Complete the following number of courses:

English 3 credits	Math 3 credits
Science 3 credits	Social Studies 3 credits
Physical Education 1 credit	Performing Arts 1 credit
2. Maintain a 3.0 or better cumulative grade point average.
3. Obtain the written approval of legal guardian.
4. Obtain the written approval of the principal or a designee of the high school.
5. Must have been a full-time student during the previous school year.
6. Have a passing score on the Grade 10 FAST and the Algebra I EOC or a concordant score on an approved assessment.
7. Complete six semesters in grades 9-11.
8. Have minimum ACT/SAT/PERT test score as required by the college.
9. The student must have successfully completed at least one previous academic dual enrollment course. In this instance, success is defined as earning a grade of B or higher.

Career and Technical Education (CTE) Dual Enrollment

In order to be eligible for participation in CTE Dual Enrollment, a student must:

1. Have a minimum 2.0 unweighted GPA based on a 4.0 scale.
2. Meet all specific program entrance requirements as stated in the college catalog.

Guidelines for Dual Enrollment Participation:

1. Credit for dual enrollment CTE and academic courses will be determined by the articulation agreement with Florida Gateway College.
2. Any student earning a D or F in a course will:
 - Repeat the failed course and only the failed course the next term
 - OR
 - Need to sit out the next term and be required to repeat the course the following eligible term along with any other program related course work
3. Any student withdrawing, therefore receiving a W in a course will:
 - Only take one course the next term
 - OR
 - Need to sit out the next term and then return the following eligible term and resume with any program related course work
4. All grades, including 'W' for withdrawal, count as course attempts and become part of the student's high school and college transcripts; they may affect subsequent postsecondary admission. If the student receives a second 'D', 'F', or 'W' in any course, Dual Enrollment eligibility will end. If a student makes the two in one term, eligibility for Dual Enrollment will end. No late withdrawals will be accepted if they were not received in the Dual Enrollment office by the deadline stated in the Approved Dual Enrollment Academic Calendar, posted by the college.
5. All grades are calculated in a student's GPA and will appear on the student's high school and college transcript.
6. Must follow the Dual Enrollment Code of Academic Ethics and Code of Conduct.

CREDIT FROM NON-ACCREDITED SCHOOLS

Work or credits earned in a non-accredited school shall be validated through the use of standardized tests or other tests as determined by the principal of the individual school program. **No credit shall be allowed for work done under a private tutor.**

ENROLLMENT TERMINATION

Public school students who have attained the age of 16 years and who have not graduated are subject to compulsory school attendance until the formal declaration of intent to terminate enrollment is filed with the district school board. The student is informed that terminating school enrollment is likely to reduce the student's earning potential and is signed by the student and the student's parent or guardian. The student's guidance counselor or other school personnel will conduct an exit interview with the student to determine the reasons for the student's decision to terminate school enrollment and actions that could be taken to keep the student in school. The student will be informed of opportunities to continue his or her education in a different program.

CREDIT RECOVERY PROGRAM

This program is designed to provide students an opportunity to successfully complete the courses required for high school graduation. The participating student is eligible to recover credits that were not obtained during their original participation in the course. In a few cases with special administrator permission, the program may accelerate the student through a particular course on their first attempt. In such cases, the principal or their designee may waive the 135-hour rule. Parent permission is required in order to enroll a student in the program.

Example criteria used to place a student in the Credit Recovery Program include:

- a. A lack of accumulated credits to permit graduation within 4 years of entering high school.
- b. A lack of success during the most recent or current academic year

Once enrolled in the program, a student may be removed for any of the following reasons:

1. Unsatisfactory Attendance:

Students will sign an Attendance Agreement at the beginning of the school year, verifying their understanding of the Credit Recovery Attendance Policy. The policy states that the student is allowed **no more than nine unexcused absences per semester**. **If their credit is withheld students may be removed from the Credit Recovery Program at the end of the semester.**

2. Academic Difficulty:

If a student receives a grade of less than a 70 in their credit recovery class at the end of a nine-week grading period, they will be placed on academic probation for the following grading period. If the student's grades do not improve to a 70 or higher during that time, they will be removed from the Credit Recovery Program.

3. Unsatisfactory Discipline:

Students who receive a referral resulting in five or more days of out of school suspension or they receive more than five referrals of any kind will be removed from Credit Recovery at the end of the subsequent semester.

Note: The principal or his/her designee reserves the right to remove any student from the Credit Recovery Program at any time if it is deemed that their participation has a negative impact on the program or other participating students. Conscious efforts must be made to assure that the educational integrity of this program is maintained. Students should never consider this program a shortcut to graduation.

ALTERNATIVE PLACEMENT CREDIT

Students (in all areas) may earn credit(s) toward graduation when enrolled in the computer-assisted program of instruction while participating in the alternative placement program at CATS Academy. In order to earn such credits, students shall demonstrate mastery of the course standards as established by the state. The individualized programs of instruction shall be supervised and coordinated by a teacher as assigned by the principal. Students who have successfully completed their placement at CATS Academy and are returning to the traditional BCHS campus may be assigned to return at the start of the nearest grading period to allow for a smooth academic transition as determined by the Principal or his/her designee.

COURSE OFFERINGS/EXPECTATIONS

All course offerings are in accordance with the Florida Course Code Directory. Beginning with the Class of 2027, all students will be required to take coursework in financial literacy as determined by the state prior to graduation. All students are expected to complete a CTE program (3 courses within the same CTE program) and will be given the opportunity to take an Industry Certification. Successful completion of Dual Enrollment/Advanced Placement coursework may substitute for the CTE program completion expectation.

BAKER COUNTY PK-12 EXCEPTIONAL STUDENTS PROGRESSION PLAN

A. ADMISSION

Students requiring special adaptations to the regular school program and qualifying for Exceptional Student Education (ESE) programs through the Multi-Tiered Systems of Support (MTSS) process (see general section) shall be admitted through an appropriately executed eligibility staffing and shall maintain a current Individual Education Plan (IEP) or Education Plan (EP) for gifted.

An eligible exceptional student may be enrolled in one (1) or more of the following programs:

Autism Spectrum Disorders	Language Impaired
Deaf or Hard of Hearing	Orthopedically Impaired
Developmentally Delayed (0-5)	Other Health Impairments
Dual-Sensory Impaired	Traumatic Brain Injured
Emotional/Behavioral Disability	Specific Learning Disability
Gifted	Speech Impaired
Hospital/Homebound	Visually Impaired
Intellectual Disability	

Students who become three (3) years of age may be eligible for pre-kindergarten exceptional student programs if eligibility requirements are met in any of the above programs.

A student with a disability may also receive speech/language, physical and/or occupational therapy as a related service if eligibility requirements are met.

B. PROMOTION

Students participating in ESE programs must meet the grade level promotion requirements for general education unless otherwise stated on the IEP.

As provided in 1008.25, F.S., an exceptional student may be retained in grade three, when ELA scores, after remediation, are below level two. Refer to Elimination of Social Promotion and Good Cause Exemptions section. Good cause exemption may be used at grades 3-12.

General education standards apply, but factors to consider are:

1. Successful completion of IEP goals and objectives,
2. Chronological age,
3. Grades earned in all courses, and
4. Attendance.

Students with disabilities must meet the school district proficiency levels, unless the student's IEP indicates that the disabling conditions impact the student's progress in the general curriculum.

C. REQUIREMENTS FOR STANDARD DIPLOMA FOR EXCEPTIONAL STUDENTS

All students who enter ninth grade in 2015-16 and beyond will work toward a standard diploma through one of the standard diploma pathway options or any applicable diploma designation. For a detailed explanation of requirements for graduation with a standard diploma, refer to the section on Graduation Requirements for Non-Exceptional Students.

Exceptional students should be awarded credit toward a standard diploma under the following conditions:

The exceptional student has taken a course (regular course code directory number) and passed the course taught by a highly qualified teacher under No Child Left Behind (NCLB).

For regular credit to be earned, exceptional students are to master the content to the same extent required of non-exceptional students. Accommodations to regular courses may include:

1. Flexible setting: changes to the physical setting, grouping arrangements, classroom behavioral expectations, and/or classroom management procedures.
2. Flexible scheduling: changes to the daily/weekly schedule, increase or decrease in instructional time, changes to assignment timelines, chunking material, etc.
3. Flexible presentation: variations in instructional techniques or strategies, changes to the instructional format or materials, flexibility in how information is presented (e.g. visual/tactile/auditory, sign language), assistive technology (e.g. FM system, computer-based learning.), etc.
4. Flexible responding: use of alternate response modes, alterations to test or assignment formats, and assistive technology for responding (e.g. communication system, computer output).

On Statewide Assessments, ESE students are allowed appropriate accommodations as determined by the IEP team which will demonstrate the student's abilities rather than reflect the student's impaired sensory, manual, speaking or psychological process skills.

ESE students may enroll in Level 1 English and Math courses to prepare them for the General Education course requirements; however, Level 1 courses do not count as credit toward a standard diploma.

Based on Enhanced New Needed Opportunity for Better Life and Education for Students with Disabilities (ENNOBLES), our district assures that it provides instruction to prepare students with disabilities to demonstrate proficiency in the core content knowledge and skills necessary for successful grade-to-grade progression and high school graduation. A student with a disability for whom the Individual Education Plan (IEP) Team determines that the FAST cannot accurately measure the students' abilities, taken into consideration all allowable accommodations, shall have the FAST requirement of paragraph (4)(6) waived for the purpose of receiving a standard high school diploma, if the student:

- 1) Completes the minimum number of credits and other requirements in s. 1003.428 (1), (2) and (3) F.S.
- 2) Does not earn passing scores on one or both parts of the FAST or on a standardized test that are concordant with passing scores on the FAST after one opportunity in 10th grade and one opportunity in 11th grade.

Under s. 1003.433(1), F.S., a student who transfers from another state in the 12th grade must pass the grade 10 FAST or an alternate assessment that is concordant with the FAST; earn a 2.0 GPA; and meet all requirements of the school, district, or state from which he or she is transferring or meet Florida's course requirements in order to earn a standard diploma. A transfer student may be considered for the waiver.

Through a formal IEP meeting (not reevaluation review), the IEP team is required to determine and document on the DOE prescribed form, "Waiver of FAST Graduation Requirement for Students with Disabilities," that the FAST cannot accurately measure the student's abilities, considering all allowable allocations.

In addition, the Superintendent/Designee shall review the IEP team decision and sign-off on all cases where the FAST is waived (Principal's and Superintendent's signatures required).

Factors the IEP team would consider may include, but not be limited to:

- Has the student been enrolled in courses leading to a standard diploma and has had multiple opportunities to

- demonstrate proficiency of the Florida Standards that are assessed by the Grade 10 FAST?
- Has the student taken the Grade 10 FAST with appropriate allowable accommodations at least twice, once in grade 10 and once in grade 11, or if not continuously enrolled in a public school in Florida, at least once during each year of enrollment in grades 10 and 11?
- Has the student earned a passing score on the ELA portion of the Grade 10 FAST and the Algebra 1 EOC?
- Has the student demonstrated proficiency of the Grade 10 Florida Standards as assessed on the Grade 10 FAST?

Additionally, to ensure that each student has had every opportunity to pass the FAST, participation in the spring administration of the FAST during the senior year is recommended.

A student with a disability, for whom the IEP team determines that an End of Course exam (EOC) cannot accurately measure the student's abilities taking into consideration all allowable accommodations, shall have the EOC assessment requirement waived for the purpose of determining the student's course grade required.

The awarding of a special diploma or special certificate of completion does not prevent a student with disabilities from pursuing a standard diploma or from receiving a free appropriate public education until the student reaches age 22. The IEP Committee will determine whether continued specially designed instruction and/or additional instruction in transition is required beyond the senior year of high school. In accordance with the IEP process and district and state laws, a student must agree to defer the receipt of his/her diploma in order to continue to receive specially designed instruction until the age of 22.

Only during the 2014-2015 school year, students had the opportunity to switch from a Special Diploma option to a Standard Diploma option and receive elective credit toward a Standard Diploma for passing exceptional student education courses.

D. REQUIREMENTS FOR A DIPLOMA

If a student's IEP plan was written prior to June 20, 2014 and contains a statement that the student is pursuing a special diploma, the student may continue on that plan until he/she reaches graduation.

The Florida Standards for special diploma describe what certain students with a disability should be able to do at various levels of access to the standard curriculum. These standards are herein incorporated into this Student Progression Plan.

Mastery of the Florida Standards through access points for students with significant cognitive disabilities shall include demonstration of proficiency by completing the minimum number of course credits.

Students with disabilities may choose from two additional standard diploma options: The Standard Access Pathway option (open to students with significant cognitive disabilities) and the Standard Academic/Employment option. Both options require the same 24 credits listed for other standard diploma plans. Both options allow students to substitute a career and technical (CTE) course with related content for one credit in ELA IV, mathematics, science, and social studies (excluding Algebra 1, Geometry, Biology 1, and US History).

- Students with significant cognitive disabilities may earn credits via Access courses and be assessed via an alternate assessment.
- Students who choose the academic and employment option must earn at least .5 credit via paid employment.

A student with a disability is not restricted or limited to any particular diploma option, and in accordance with the IEP process, shall be afforded the opportunity to work toward any diploma pathway that is appropriate to his/her ability.

The Individual Education Plan (IEP) Committee shall document the individual student's course of study leading toward a standard diploma on the IEP developed during the year or the year prior to the student's 14th birthday. This decision shall be reviewed annually.

A student with a disability who earns all the required credits for graduation, but does not have a 2.0 cumulative GPA, and/or does not pass the required state assessments for graduation, will receive a certificate of completion. A student with a disability may continue working toward graduation requirements until the age of 22. **In order to do so, the procedures for deferring receipt of the high school diploma must be followed.**

ENHANCED NEW NEEDED OPPORTUNITY FOR BETTER LIFE AND EDUCATION FOR STUDENTS WITH DISABILITIES (ENNOBLES) PROVISION

ENNOBLES provisions for transition to post-secondary education allow for the following to take place for students with disabilities:

A student who has been awarded a special diploma or a certificate of completion is eligible to enroll in certificate career education programs, and a student with a documented disability may be eligible for reasonable substitutions as prescribed in § 1007.264 and 1007.265.

Additionally, any student with a disability shall be eligible for reasonable substitutions for any admissions requirements, when documentation is provided that the person's failure to meet the admissions criteria is due to the disability. Any student with a disability shall be eligible for reasonable substitutions for graduation, for admission into a program of study, or for entry into the under division, where documentation is provided that the person's failure to meet the admissions criteria is related to the disability, and where failure to meet the graduation requirements or program admission requirements does not constitute a fundamental alteration in the nature of the program. *

*The requirements of § 1003.49, Accelerated high school graduation options, are applicable to students with disabilities working towards a standard diploma.

GUIDELINES FOR PARTICIPATION IN STATE AND DISTRICT ASSESSMENT OF STUDENTS WITH DISABILITIES

This section is related to procedures for student participation in statewide assessments, as required by Rule 6A-6.03411, FAC. (Students who are identified solely as gifted are not eligible for state assessment accommodations.)

The school district shall ensure that:

1. Each student with a disability has the opportunity to participate in any state or district assessment of student achievement with appropriate accommodations if determined appropriate by the individual educational plan (IEP) team and recorded on the student's IEP: As prescribed by Rule 6A-1.0943, statewide assessments for Students with Disabilities makes the provisions for test accommodations which will demonstrate the students abilities rather than reflect the student's impaired sensory, manual, speaking, or psychological process skills.

Accommodations are authorized for any student who has been determined eligible as a student with disability pursuant to s.1003.01(3)(a), F.S., and Rule 6A-6.0331, F.A.C., and has a current IEP, or who has been determined to be a student with disability pursuant to Rule 6A-19.001(6), F.A.C., and has a plan developed under Section 504 of the Rehabilitation Act.

The accommodations must be identified on the student's IEP or 504 plan and must align with current instructional accommodations and accessible instructional materials used regularly by the student in the classroom.

PLEASE NOTE:

The Baker County School District will follow state guidelines for allowable testing accommodations.

2. The IEP team should answer each of the following questions in order to facilitate informed and equitable decision-making to determine whether a student takes the FAST or an alternate assessment.
 - i. Does the student have a significant cognitive disability?
 - ii. Even with appropriate and allowable instructional accommodations, assistive technology, or accessible instructional materials, does the student require modifications, as defined in paragraph 6A-6.03411(1) (z), F.A.C., to attain the grade-level general state content standards pursuant to Rule 6A-1.09401, F.A.C.?
 - iii. Does the student require direct instruction in academic areas of ELA, math, social studies and science based on access points, pursuant to Rule 6A-1.09401, F.A.C., in order to acquire, generalize, and transfer skills across settings?

If the IEP team determines that **all three questions** accurately characterize a student's current educational situation, then an **alternate assessment** should be used to provide a meaningful evaluation of the student's current academic achievement. If the answer to all three questions is not "yes," the student should participate in FAST with accommodations, as appropriate.

- b. Each student's IEP indicates a statement of any individual accommodations in the administration of any state assessment or student to participate in such assessments.
- c. If the IEP team determines that the student will not participate in a particular state or district assessment (or part of that assessment) of student achievement, a statement of why that assessment is not appropriate for the child and how the child will be assessed will be indicated on the IEP. Additionally, if a student does not participate in the statewide assessment, our district will notify the student's parent and provide the parent with information regarding the implications of such nonparticipation.

If modifications or accommodations are made in the student's instruction that would not be permitted on the statewide assessment tests, our district will notify the student's parent of the implication of such instructional modifications or accommodations. A parent must provide signed consent for a student to receive instructional modifications or accommodations that would not be permitted on the statewide assessments and must acknowledge in writing that he/she understands the implications of such.

- d. An alternate assessment procedure will be provided for each student who is excluded from state or district assessment of student achievement at each grade level where a state or district assessment is required for

other students in the district.

- e. Alternate assessment procedures provide documentation of specific student performance and the scoring criteria used to assess the student's progress.
- f. Alternate assessment procedures match the instructional goals (standards and benchmarks) as determined appropriate for the student.
- g. Alternate assessment procedures address, at a minimum, areas that correspond to areas assessed through the state and district assessment of student achievement.

Class ranking for the purposes of calculating valedictorian, salutatorian, college admissions, scholarships, financial aid, and Beta Club membership will be based on Grade Point Averages (GPA) of all students in programs earning a standard high school diploma.

Acceleration Procedures

Subject Matter/Whole Grade Acceleration

Consideration for acceleration will be limited to one referral, per student, per 12-month period.

Students who are referred for possible accelerated placement 60 or more days prior to the beginning of school year shall be evaluated prior to the students' first day of school.

Students who are referred for possible accelerated placement 60 or more days prior to the beginning of the second semester shall be evaluated prior to the start of the second semester.

Acceleration shall commence at natural transition points within the school calendar, in accordance with school board policy.

- Step 1: Complete and submit Academic Acceleration Referral. Forty-five school days are allowed for completion of the evaluation process, including written notification to the parent.
- Step 2: Guidance Counselor conducts an initial review which includes:
 - Attendance
 - Performance on local, state or standardized assessments
 - GPA
 - Discipline records
 - Recommendations from teachers of the core content area being considered for acceleration
 - Recommendation from school counselor, if one is assigned to the school of attendance
- Step 3: If the initial review does not warrant an evaluation by the Acceleration Evaluation Committee, the parent will be informed in writing of the decision.
 - If initial review warrants, the Principal will obtain parent permission to proceed with the Acceleration Evaluation.
 - If whole grade promotion is to be evaluated, the Iowa Acceleration Scale will be administered.
 - If subject area acceleration is to be evaluated, a subject-specific assessment (to be determined by the district) will be administered. Minimum requirements for acceleration will be 95 % proficiency on this assessment.
- Step 4: Principal schedules a meeting of the Acceleration Evaluation Committee. Committee members shall include:
 - Principal or designee
 - Current teacher

Potential receiving teacher
Guidance Counselor from school of attendance
Parent

- Step 5: Acceleration Evaluation Committee convenes to conduct a Programmatic Assessment. This assessment shall contain, at a minimum, a review of the data collected in the initial review (Step 2). If the committee is considering whole-grade promotion, data from the Iowa Acceleration Scale will also be included in the decision-making process.
If the committee is considering subject area acceleration, the data obtained from selected assessment instruments will be considered.
Committee reaches a decision on acceleration placement.
Principal notifies parent of committee decision (Written notification to parent is required within 45 school days from submission of referral).
- Step 6: If acceleration is recommended, parent accepts or declines Permission for Academic Acceleration.
If acceleration is not recommended, the parent has the right to appeal the decision to the superintendent's designee within 30 days. The superintendent's designee has 30 days to render a decision on the appeal, and notify the parent in writing.
- Step 7: If acceleration is recommended, an Acceleration Education Plan will be developed. The trial plan will be in effect for one full grading period, and monitored by a designated staff member to ensure successful implementation. Acceleration trial shall commence at natural transition points within the school calendar.
- Step 8: At the conclusion of the trial period, the Acceleration Evaluation Committee will reconvene to determine the permanency of the accelerated placement.

Additional Educational Choice Options

As provided by Florida Statutes 1003.3101 and 1012.42, a parent may request his/her child be transferred to another classroom teacher. According to the statutes, a classroom transfer request does not provide a parent the right to choose a specific teacher.

Completion and submission of the Classroom Transfer Request Form is required for a parent to make such a request. Forms are available at the principal's office and must be submitted to the principal's secretary.

Classroom transfer requests will be granted or denied based on schedule availability, state mandates pertaining to class size, team teaching assignments, and principal discretion. The student's school principal shall grant the request or provide an explanation in writing of the denial within two weeks of submission of this form.

School Financial Reports

The following chart provides the per full-time expenditures at each school site. Additional school financial information is available on the district website at: www.bakerk12.org/domain/168

School Site	Average Amount of Money Expended per Student
Baker County Pre-Kindergarten/Kindergarten Center	\$7,125.00
Macclenny Elementary School	\$7,549.00
Westside Elementary School	\$8,721.00
J. Franklyn Keller Intermediate School	\$5,826.00
Baker County Middle School	\$7,565.00
Baker County High School	\$6,948.00

Class size requirements, teacher experience, program cost factors, and other expenses associated with operating the school will cause the per student expenditure amount to fluctuate annually.

Nondiscrimination in Student Activities

No student enrolled in the Baker County Schools shall, on the basis of race, gender, national origin, marital status, disability, age, or religion, be excluded from participation in or be subjected to discrimination under any curricular, extracurricular, or any other school sponsored activity. This rule shall apply to all present and future course offerings and to all other school sponsored activities in which students are eligible to participate. Questions, complaints, or requests for additional information regarding discrimination or harassment may be sent to Allen Murphy, Equity Coordinator, at the Superintendent's Office, 270 South Boulevard East, Macclenny, Florida; Phone – 904-259-0401; E-Mail Address is

Everett.murphy@bakerk12.org
