It is further defined as unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by a student or adult, that is severe or pervasive enough to create an intimidating, hostile, or offensive educational environment; cause discomfort or humiliation; or unreasonably interfere with the individual's school performance or participation; and may involve but is not limited to:

person as the author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in the definition of bullying. Cyberbullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in the definition of bullying.

Harassment means any threatening, insulting, or dehumanizing gesture, use of data or computer software, or written, verbal or physical conduct directed against a student or school employee that:

directed at a specific person, causing substantial emotional distress to that person and serving no legitimate purpose.

III. Behavioral Standards of Employees and Students:

The Baker County Public School District expects students to conduct themselves as appropriate for their levels of development, maturity, and demonstrated capabilities with a proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities, and the care of school facilities and equipment.

The school district believes that standards for student behavior must be set cooperatively through interaction among the students, parents/legal guardians, staff, and community members producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for district and community property on the part of students, staff, and community members. Since students learn by example, school administrators, faculty, staff, and volunteers will demonstrate appropriate behavior, treat others with civility and respect, and refuse to tolerate bullying or harassment.

The school district upholds that bullying or harassment of any student or school employee is prohibited:

- a) During any education program or activity conducted by a public K-12 educational institution;
- b) During any school-related or school-sponsored program or activity;
- c) On a school bus of a public K-12 educational institution;
- d) Through the use of data or computer software that is accessed through a computer, computer system, or computer network of a public K-12 education institution within the scope of the school district, meaning regardless of ownership, any computer, computer system, or computer network that is physically located on school property or at a school-related or school-sponsored program or activity; or
- e) Through the use of data or computer software that is accessed at a non-school-related location, activity, function, or program or through the use of technology or an electronic device that is not owned, leased, or used by a school district or school, if the bullying substantially interferes with or limits the victim's ability to participate in or benefit from the services, activities, or opportunities offered by a school or substantially disrupts the education process or orderly operation of a school.

CHAPTER 5.00: STUDENTS

- f) The above section (e) does not require a school to staff or monitor any non-school-related activity, function, or program.
- g) Students shall conform to reasonable standards of socially acceptable behavior; respect the person, property, and rights of others; obey constituted authority; and respond to those who hold that authority.
- h) All schools shall have a program/s provide recognition for positive reinforcement for good conduct, self-discipline, good citizenship, and academic success.
- i) Nothing in this policy shall be deemed as having set aside any student's right to due process.
- j) All of the District Student Code of Conduct is applicable when dealing with issues associated with bullying and harassment, including all disciplinary sanctions and due process contained therein.

IV. Consequences for a student or employee of a public K-12 educational institution who commits an act of bullying or harassment:

Concluding whether a particular action or incident constitutes a violation of this policy requires a determination based on all of the facts and surrounding circumstances. The physical location or time of access of a computer-related incident cannot be raised as a defense in any disciplinary action. Consequences and appropriate remedial action for students who commit acts of bullying or harassment may range from positive behavioral interventions up to and including suspension or expulsion, as outlined in the Code of Student Conduct. Consequences and appropriate remedial action for a school employee found to have committed an act of bullying or harassment may be disciplined in accordance with district policies, procedures, and agreements. Additionally, egregious acts of harassment by certified educators may result in a sanction against an educator's state issued certificate. (See State Board of Education Rule 6B-1.006, FAC., The Principles of Professional Conduct of the Education Profession in Florida.) Consequences and appropriate remedial action for a visitor or volunteer, found to have committed an act of bullying or harassment shall be determined by the school administrator after consideration of the nature and circumstances of the act, including reports to appropriate law enforcement officials.

V. Consequences for a student or employee of a public K-12 educational institution who is found to have wrongfully and intentionally accused another of an act of bullying or harassment:

Consequences and appropriate remedial action for a student found to have wrongfully and intentionally accused another as a means of bullying or harassment range from positive behavioral interventions up to and including suspension or expulsion, as outlined in the Code of Student Conduct. Consequences and

appropriate remedial action for a school employee found to have wrongfully and intentionally accused another as a means of bullying or harassment may be disciplined in accordance with district policies, procedures, and agreements. Consequences and appropriate remedial action for a visitor or volunteer, found to have wrongfully and intentionally accused another as a means of bullying or harassment shall be determined by the school administrator after consideration of the nature and circumstances of the act, including reports to appropriate law enforcement officials.

VI. Procedure for receiving reports of an alleged act of bullying or harassment, including provisions that permit a person to anonymously report such an act:

At each school, the principal or the principal's designee is responsible for receiving complaints alleging violations of this policy. All school employees are required to report alleged violations of this policy to the principal or the principal's designee. All other members of the school community, including students, parents/legal guardians, volunteers, and visitors are encouraged to report any act that may be a violation of this policy anonymously or in-person to the principal or principal's designee.

The principal of each school in the district shall establish and prominently publicize to students, staff, volunteers, and parents/legal guardians, how a report of bullying or harassment may be filed either in-person or anonymously and how this report will be acted upon. The victim of bullying or harassment, anyone who witnessed the bullying or harassment, and anyone who has credible information that an act of bullying or harassment has taken place may file a report of bullying or harassment. A school employee, school volunteer, student, parent/legal guardian or other persons who promptly reports in good faith an act of bullying or harassment to the appropriate school official and who makes this report in compliance with the procedures set forth in the district policy is immune from a cause of action for damages arising out of the reporting itself or any failure to remedy the reported incident. Submission of a good faith complaint or report of bullying or harassment will not affect the complainant or reporter's future employment, grades, learning or working environment, or work assignments.

Any written or oral reporting of an act of bullying or harassment shall be considered an official means of reporting such act(s). Reports may be made anonymously, but formal disciplinary action may not be based solely on the basis of an anonymous report.

VII. A procedure for the prompt investigation of a report of bullying or harassment and the persons responsible for the investigation. The investigation of a reported act of bullying or harassment is deemed to be a school-related activity and begins with a report of such an act:

CHAPTER 5.00: STUDENTS

VIII. Process to investigate whether a reported act of bullying or harassment is within the scope of the district school.

A principal or designee will assign a designee(s) that is trained in investigative procedures to initiate an investigation of whether an act of bullying or harassment is within the scope of the school district.

Computers without web-filtering software or computers with web-filtering software that is disabled shall be used when complaints of cyberbullying are investigated.

The trained designee(s) will provide a report on results of investigation with recommendations for the principal to make a determination if an act of bullying or harassment falls within the scope of the district:

1. If it is within scope of district, move to Procedures for Investigating Bullying and/or Harassment.
2. If it is outside scope of district, and determined a criminal act, refer to appropriate law enforcement.
3. If it is outside scope of district, and determined not a criminal act, inform parents/legal guardians of all students involved.

IX. Procedure for providing immediate notification to the parents/legal guardians of a victim of bullying or harassment and the parents/legal guardians of the perpetrator of an act of bullying or harassment as well as, notification to all local agencies where criminal charges may be pursued against the perpetrator:

student attends, be allowed to attend a safe public elementary school or secondary school within the local educational agency, including a public charter school.”

Once the investigation has been completed and it has been determined that criminal charges may be pursued against the perpetrator, all appropriate local law enforcement agencies will be notified by telephone and/or in writing.

X. Procedure to refer victims and perpetrators of bullying or harassment for counseling:

A district referral procedure will establish a protocol for intervening when bullying or harassment is suspected or when a bullying or harassment incident is reported. The procedure shall include:

1. A process by which the teacher or parent/legal guardian may request informal consultation with school staff (specialty staff, e.g., school counselor, school psychologist, etc.) to determine the severity of concern and appropriate steps to address the concern (the involved students' parents or legal guardian may be included).
2. A referral process to provide professional assistance or services that includes:
 - A. A process by which school personnel or parent/legal guardian may refer a student to the school intervention team (or equivalent school-based team with a problem-solving focus) for consideration of appropriate services. (Parent or legal guardian involvement is required at this point.)
 - B. If a formal discipline report or formal complaint is made, the principal or designee must refer the student(s) to the school intervention team for determination of counseling support and interventions. (Parent or legal guardian involvement is required at this point.)

The school district will utilize Florida's School Environmental Safety Incident Reporting (SESIR) Statewide Report on School Safety and Discipline Data, which includes bullying and harassment as incident codes as well as bullying-related as a related element code. The SESIR definition of bullying is systematically and chronically inflicting physical hurt or psychological distress on one or more students or employees that is severe or pervasive enough to create an intimidating, hostile, or offensive environment; or unreasonably interfere with the individual's school performance or participation. The SESIR definition of harassment is any threatening, insulting, or dehumanizing gesture, use of data or computer software, or written, verbal, or physical conduct that 1) places a student or school employee in reasonable fear of harm to his or her person or damage to his or her property, 2) has the effect of substantially interfering with a student's educational performance, opportunities, or benefits, or 3) has the effect of substantially disrupting the orderly operation of a school including any course of conduct directed at a specific person that causes substantial emotional distress in such a person and serves no legitimate purpose.

If a bullying or harassment incident occurs then it will be reported in SESIR with either the bullying or harassment code. If the bullying or harassment results in any of the following SESIR incidents the incident will be coded appropriately using the relevant incident code AND the related element code entitled bullying-related. Those incidents are:

Data reporting on bullying, harassment, unsubstantiated bullying, unsubstantiated harassment, sexual harassment and threat/intimidation incidents as well as any bullying-related incidents that have as a basis sex, race or disability should include the incident basis. Victims of these offenses should also have the incident basis (sex, race or disability) noted in their student record.

XII. Programs authorized by the school district that provide instruction to students, parents/legal guardians, teachers, school administrators, counseling staff, and school volunteers on identifying, preventing, and responding to bullying or harassment, including instruction on recognizing behaviors that lead to bullying and harassment and taking appropriate preventive action based on those observations:

The district ensures that schools sustain healthy, positive, and safe learning environments for all students. It is important to change the social climate of the school and the social norms with regards to bullying or harassment. This requires the efforts of everyone in the school environment – teachers, administrators, counselors, school nurses, other non-teaching staff (such as bus drivers, custodians, cafeteria workers, and/or school librarians), parents/legal guardians, and students.

Students, parents/legal guardians, teachers, school administrators, counseling staff, and school volunteers shall be given instruction at a minimum on an annual basis on the district's Policy and Regulations against bullying and harassment.
