

While the health and safety of our students, staff, and local community is our first and most important commitment, we understand the importance of extra-curricular events to our students, their families, our staff members, and our community. Extra-curricular activities are an essential part of the educational experience of our students. Students grow and develop in important ways as they become a part of marching band, FFA, the drama program, athletics etc. In the challenges of the COVID environment we are committed to continuing to provide quality extra-curricular activities.

**\*On September 4th, the Baker County Wildcat varsity football team will play their first home game. We will implement procedures that, if followed, will provide a safe environment for these activities to take place. Please read the information carefully that is listed below in this public service announcement. If you have any questions, please do not hesitate to contact the administration of the school sponsoring your event. We are excited to provide these wonderful opportunities for our students, please help us to keep providing them by following safe and healthy practices when you are attending an event this school year.**

*\*If you are unable to attend the home football games, they will be livestreamed. Please visit the Baker County High School website homepage for the weekly YouTube livestream link for Friday night Wildcat Football!*

## Help Us To Stay Healthy

- **Do NOT Enter If You Are Sick**  
-Fever, Coughing & Sneezing, Nausea, Body Aches, Shortness of Breath, Fatigue, Loss of Taste, Etc.
- **Social Distance When Possible**
- **Wearing Of Mask Is Recommended**

An infographic titled 'CORONAVIRUS COVID-19 PREVENTION' with five main sections: STAY, SAFE, WASH, CLEAN, and PROTECT. Each section includes an icon and a brief instruction. The STAY section shows a house icon and says 'If you feel sick, stay home.' The SAFE section shows a group of people with one person highlighted in red, saying 'Keep a safe distance from others.' The WASH section shows hands being washed, saying 'Wash your hands frequently.' The CLEAN section shows a person cleaning a laptop, saying 'Clean and disinfect frequently used surfaces.' The PROTECT section shows a person wearing a mask, saying 'Protect the vulnerable.' At the bottom, it says 'SICK STUDENTS AND ADULTS SHOULD REMAIN HOME.' and '#COVIDSTOPSWITHME'. Logos for Baker County Building Champions and Florida Department of Education are also present.
